

PRE-CALCULUS HONORS - 2025

SUMMER ASSIGNMENT

This year's summer assignment will be completed on Khan Academy. This will count as your first grade.

Directions:

1. Go to [google classroom](#) and join the summer assignment classroom for additional communication throughout the summer. The join code is **wmfbt3pt**
2. Go to [www.khanacademy.org](#)
 - a. If you already have an account, you may use that one.
 - b. If you don't have an account, create a new one.
3. Click on your name and then click profile
4. Under the profile section, click coaches and add a coach using class code **E6K8XBQG** .
5. Remove old coaches (teachers you no longer have).
6. You must do the steps above before the last day of school. Once you are in the Khan Academy class, I can monitor your progress.
7. **The assignment will be uploaded on June 30th.** It will appear as a notification in the top right of the screen (you may have to click on your username.)
8. The assignment will consist of 25 topics with 4 exercises for each. Work at a consistent pace throughout the summer so that you are not rushing to finish everything at the beginning of the school year. **You will lose points if you begin the assignment on or after the first day of school!**
9. Your grade will be based on the completion of the topics, as well as the scores you get. **It is expected that you get 100% for each topic. If you don't get 100%, you can watch video tutorials and then keep trying until you get 100%.**
10. Due date: September 11th, 2025

Many of these topics are review from Algebra II, but they are still relevant in Pre-calculus. If you have any questions throughout the summer, just send me an email. Best of luck and have a wonderful summer!
