

Name: Aetherwave

Faction: Decepticon

Color Scheme: Deep, dark purples with accents of metallic silver and violet, giving her a stealthy and menacing appearance.

Alt Mode(s): Motorcycle & headphones

Personality:

Aetherwave is very rebellious and somewhat edgy, similar to a human teenager going through “a phase”.

Abilities and Skills:

- Holo-Decoy Projectors: To aid in evasion, Aetherwave can project decoys of herself or mimic voices, creating confusion and distractions in combat. This ability, similar to her brother's, allows her to escape from danger or mislead her targets.
- Enhanced Audio Surveillance Systems

Mimicry: Aetherwave is capable of mimicking voices or sounds with her vocal processor letting her deceive any enemy

Relationship with Soundwave:

Soundwave's younger sibling.

Backstory: Aetherwave is a younger decepticon, having been born into the war she has not known the cultures of Cybertron. Eventually she took on the likings of earth culture which inspires her taste in music and inspiration for the hoodie she is wearing. She has a fair support system around her with the Cassetticons being a protective ledge for her to rely on if she is in any trouble.

Timeline notes: More so in the Lost Light/ MTMTE continuity Ather would have defected within the lost light crew due to some issues with Tarn and overlord. More over for her own safety

Appearance in bipedal Mode:
