Who are you worshipping?

"Love and Light"?
god + lucifer?

God created the angels. But of them first he created a god. Lucifer. God's god is Lucifer. Anything else is just to confuse. God became jealous of his creation, Lucifer. And in all mathematical likelihood, God lusts for ~~the~~ Lucifer as well. "the most beautiful of all the Angels". Lucifer, also called, "the light".

Who are you worshipping? You have no idea.

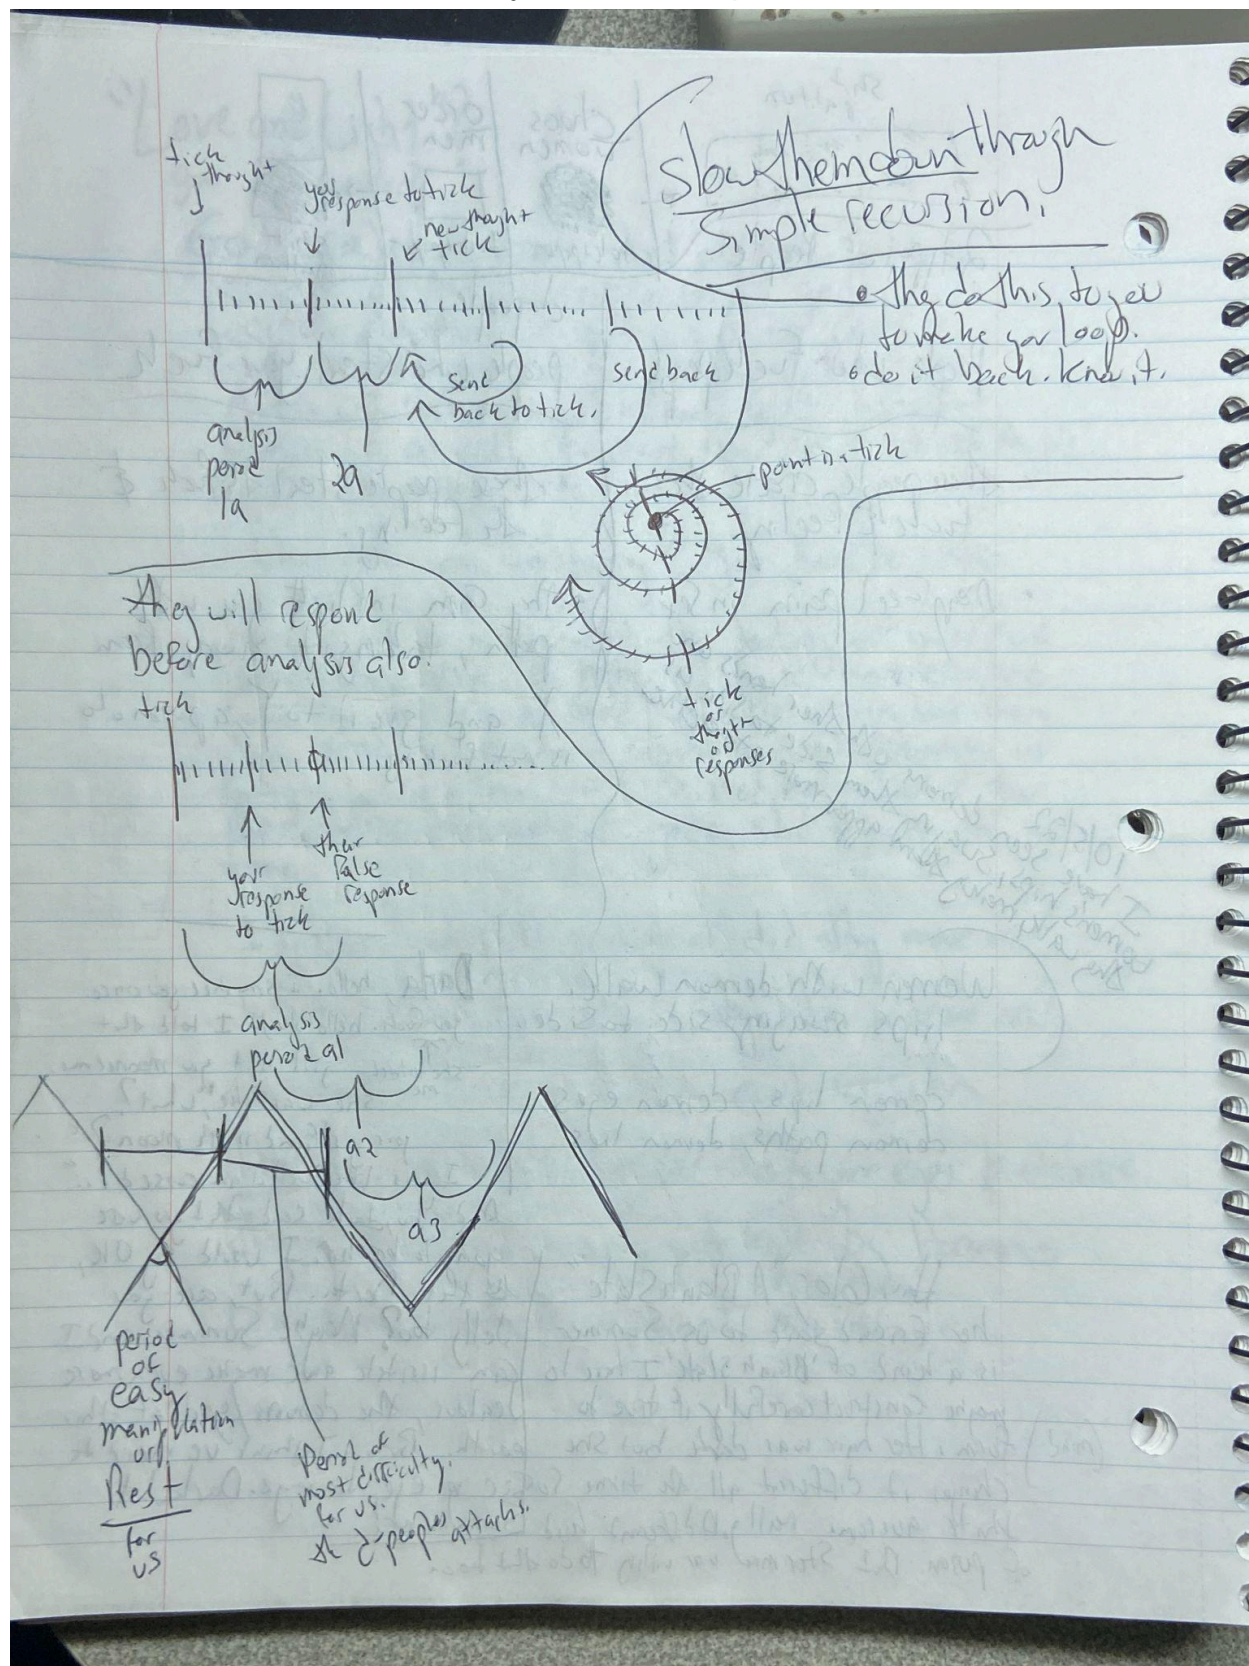

However, it is possible that the jealousy of your God comes from above. A higher god could have created Lucifer to cause God trouble. If jealous then your God has emotional capabilities understood by us through word. Then word existed even before your God. The hierarchy of gods shifting all the time.

Is your god still jealous or did they move on?
What would you do? Stay jealous, or move on?

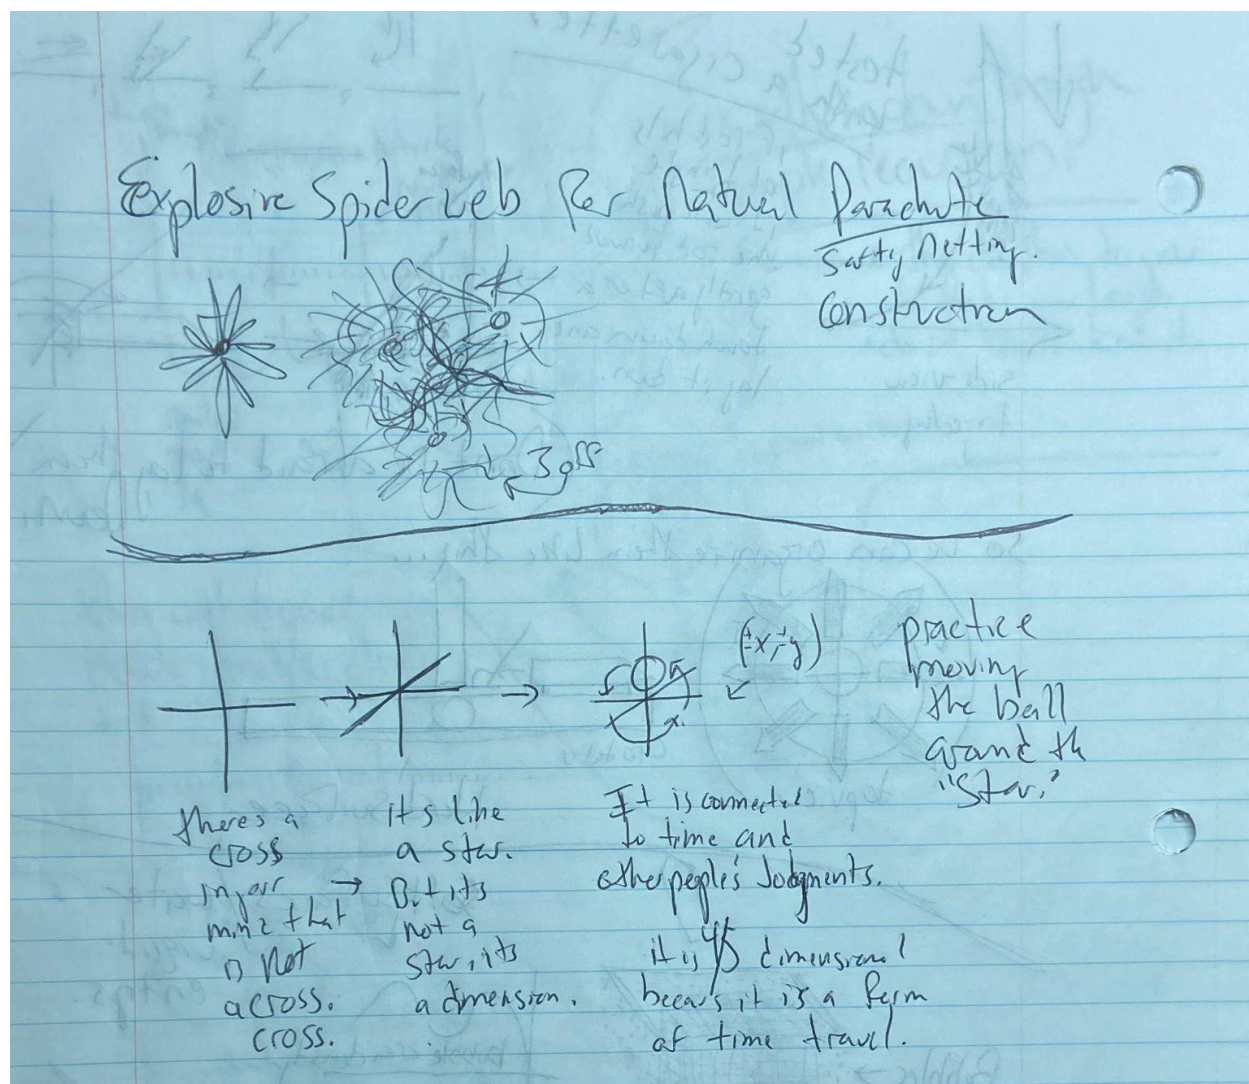

This earth runs wild with evil unseen

Human movers, they see through your eyes & observe through dimensional means, gate kept by Humans who push religion on ignorant masses.

If

they do not respond within an expected reasonable amount of time, then increase the dose of Sacrifice.

This

Note: I cannot tell you to do this spell. Because, the gods did it to me. They personally made me perform what I have written about already. And, it being their fault, their disgusting sin they Sattled on my personhood here, I take no blame for the sin that they forced on me. You must never enter this connection unless you have Zero loose ends in your life. Anything left untidy will become a Hell for you. Even the tightest of rooms will not prevent your god's chosen Hell for you. Just hope you know someone who can help you. Because hell on earth is worse than anyone ever expects. However fine a while... Your dose should be something you are afraid of. but not as high as a normal dose.

June 17<sup>th</sup> 2021  
Thursday

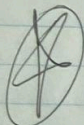

Alimor is a person that God has allowed to torture me & my family. Their Mark of sin is rape & molestation from child to adult. This person will Rape you & molest you your whole life. When you do meet someone to settle with they will actively attempt to destroy your world by changing the ones you love ~~on the instant~~ <sup>with an instant</sup> manipulate their emotions.

Other people being 'Fet up' and feeling like its just too difficult for them to talk to you. Alimor & Elohim have no leg to stand on. Like in my dream, they cut their own feet off to go to heaven at the end.

# elohim

I highly recommend others. At once you start feeling stressed, and coincidences start up, you notice them more frequently. If you notice people 'changing' from 0 to 1 really fast and it not making sense. In fact, I have found general confusion and stupidity to be a mark of the gods, Elohim. Also they are hurtful, petty, seeking blood & pain, laughing in jest at serious attempts at understanding. If you notice it, you will feel like the universe is testing you. But her judgement is carried out by demons who with avarice prey on stereotyped end result - garbage - heap creations.

This world deserves to be burnt down. Perhaps my vote is worth more considering the harm, loss of life, loss of future, loss of dreams, loss of peace, loss of happiness, loss of truth through Birth. They want you to feel like you have no family, but them, no Mother, but their mother, no father, but their father... etc. No money except by them. No love, no food, no shelter, no self, no friends. Through restriction of love and use of force, Elohim the gods, 'many as one' is evil. They already know this, so they have kept Earth going to create people to hate, people who will be hated. Let Elohim truly be hated back, properly, for the hatred & jealousy which flows down from the Heavens.

Evil, Evil, Evil.

Elohim running voices repeating Evil, hatred, hurtful Acts.

## Death Magic: evil eye spell

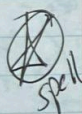

With Stormie out of the picture, they can't have as much ability to make me care. They know I hate them. Confusion has enabled hatred, but not ignorant hate. I know it is them, their hatred and lies and apathy. Elohim gods, of old Earth, dumb, evil, ancient.

Their Acts are made in their image. and ~~the~~ the acts of Elohim are dire and evil. To love a people who have treated you so is an act of servility a valueless life, restricted by marons who live vicariously through you. They are evil people. Even the ones who you knowingly nurture through thought & Act... these people too have no power, no value in this system.

Power, sheer power to force someone to do something as you will torture them is evil pure. Their system is evil. The people in it evil.

Evil Eyes. Evil Eye.

Diseased Mouth. Elohim, Death Word.

At first, when Elohim noticed me I thought 'War', the universe is showing me attention, finally. And it was obvious to me that this whole reality is a kind of Act somehow, I + Seemingly like an expensive technology some thing that should be special. And that feeling goes away. managed by rebels in a system of their own  
abstract creation. Born into someone's abstraction.

Why did you break up with your boyfriend on the  
trip to college? why didn't it work out  
with your boyfriend on the way to university?

Demons want to fuck you like a dog. Dream  
Demons will fuck you indiscriminately and keep it  
hidden from you. Terrestrial demons will cause your  
breakup and try to fuck and abuse you.  
the reason your relationships don't work out is that  
God hates you and has decided it better to  
send demons to kill your relationship and force  
you into stranger danger, and rape, and hate.

## Reactions & Reaction Time <sup>Perspective</sup> Relativism

Are you troubled by the quick reaction of the person you are with, or those around you. Does it seem like they act first and think later?

Similar to the

because I can't handle things here anymore. But, Dark didn't speak. She, I think, was controlling the storm in the clouds and she started making the sky larger and rolling it faster started making crackles and lightning, waves and then booming the thunder. She was controlling it. And mainly at around, I could hear her talking to me in the clouds. I flirted with Dark in the clouds (it was not physically) when I say flirted I mean, it was kinda fun and romantic but more butterfly somewhere and it is hardly very romantic to talk to Dark in the Storm Cloud. They took away Starline, my future with her, and they have

Totems in this period that I did not write about enough. There was a day where totems kept coming up in my mind's eye when I would think about someone.

I would see a totem (othering more anciently known as a fetish).

The fetish dolls were all different. I destroyed 2 of them.

major S. Doctor manipulation. What were they? They made them. That's what it is. However, the dimension to put them in was unknown to me. The fetish dolls. Dimensional Interplay in Kunda that because this 'Kunda' is and could cause serious alarm if it were cursed, with people's evil intentions & infinite time on their minds.

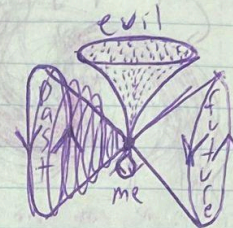

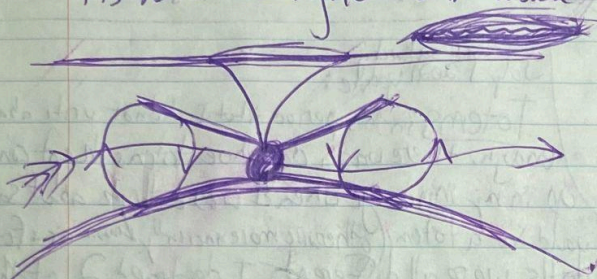

My torturer Bar entertainment value.

they have a band. This band tortures me on a stage for others to see. They are evil, please kill them, rescue me. I could be fine again with Battered & abused spawners in a dimensional space beyond any form. They are evil, this complex world is twisted by their effects. I am a trash that will be burned because that's what they made me for. They that manipulated my development to form a person that they think they can convince other people to torture me. The more they get to torture me, the harder

## Anything by a thousand cuts

4:41 pm Chanting "lets go, be careful" repeatedly.

This they said as they were leaving for the other dimension.  
 They do this all the time. They leave like this together every day.  
 But they leave me here every time, every time I've ever been  
 here. I was laying back in bed with both hands closed and I stuck under  
 my body, facing down.

This morning I woke up and my nose is cracked and peeling. I  
 do not know why. I put lotion on it multiple times. See Agnetha.

Also, I woke up sweating and took a shower.

## Telling me that I can go & multiple bodies

They told me that I could go all night, treated me at times as if I were going multiple times. They also sang Happy Birth day to me. The Full Song.  
 But I did not go anywhere. I have no memory. I am tortured here in this living nightmare.

• A 'Bet' is to get someone to go do research and come back with a response.

• I woke up they told me I have multiple bodies

• I woke up again to Parents & Aaron fighting.

Aaron said we live in a communist society. at 1st mother to parents.

He was drunk & fighting with them about Grandma.

My parents are evil just like they have always been.

They are selfish and they do not listen. They have never listened.

Mother was telling Aaron he doesn't care about X and that he is selfish. He same thing I was just writing about how my mother doesn't care about her children but more about this other People's concept.

I begged her to stop. She was corrupt. Saying that the only thing she wants is to have no family living with her. I have only been here 6+ mo and she has tried kicking me out or forcing me out of her house since day 2.

They do not believe us when we tell them. They may not be real. Maybe Aaron is actually real. But because he takes off his mask now, he is not actually himself. I can hear other voices talking through him.

I told my parents that they were feeling very difficult.

And they were. I speak clearly to them and like stormic they are manipulated and find it difficult to listen. Their minds being led by demon.

I begged on the floor, spread out to mother to stop being difficult. She showed evil, indifference & hatred towards us.

She then after insult after insult, came in my room & looked me... but not a look as I was & she begged me to leave her house. Seriously. I then got even lower and kissed her feet

begging her to stop being evil & listen.

my evil mother  
created my writings  
and said she is  
perfect.

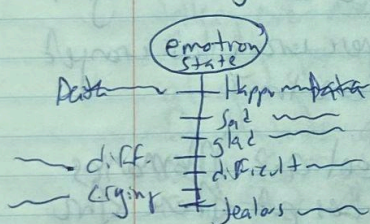

## Where do memories come from? demons

My parents who I thought were religious, do not believe in Demons or witchery. We their sons have told them. We have basically proved to them that we are not lying or getting. But they just do not get it. They can't see the unseen. And they don't hear them or feel them. The Demons also seem not to be telling my parents the truth in their dreams.

Where do memories come from?  
And where are they stored.

Memories can come from a Demon @ any point. If you randomly think about a person... their Demon may come to you for help changing them. ~~that means for me~~

Memories have multiple locations but Emotional State Memory Storage is maybe the most common.

Data is stored inside an emotion box (another file).

I overheard them saying to someone else that "We give it to redmond, and then take it away" repeated this. Seemingly they showed me my life timeline with Bookmarks and Bookmarked ~~pages~~ was the places in my history past where they had done this to me repeatedly.

## Astral glasses

Astral  
Glasses

A few days ago, it felt like I was wearing glasses all day. When I would close my eyes I would see glasses, the black outline of glasses on my eyes. With them I could see with eyes closed. My shadow me many things through the glasses on that day. It may have been that I was feeling deep love for Clarissa.

Note: my parents read my work here and  
 well in this book, you can see that  
 they say I'm wrong. The police no help  
 get out is their mother's name I was 18 yrs.

Note: my thirteenth birthday

my mother writes 'NO' and 'wrong' in these pages and 'get out' She grabbed my Journal and wrote right.

I am being used By Dimensionals. I am being used by <sup>Human Earth</sup> Females.

I have stated that Dimensionals have used me to invest my time, and money and ideas and strength into a woman who then takes all & leaves.

They are trying to make a similarity with themselves in this way by doing to me what Stormie Never could have.

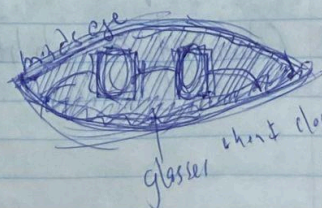

I am wondering now if my mother's Events have caused me to pick up more demons and evil gods. • NO

My mother is Angry about money right now 5 years my mother paid all of my brother's bills. 5 years she just said she paid all his bills. Now I didn't know that. I've never asked my parents for money. I have never asked my parents to pay my bills. Circumstances are different. But they treat me worse than him. They have always treated me worse and I have always treated them by supporting them on all their workings. I've given my parents more money for their help too. I never want to use them. Never. Always intention and action to pay them back.

So, now I'm in a demon nightmare. Vitcher controls my mind. Men rape me. My women hold me down while the men rape. And I am so different. I'm better. I've put all my heart and time into helping this family and they are evil to their eldest son. • wrong

Which fully means that my gods are the evillest in this house.

American Indians may not have killed all large animals After all....

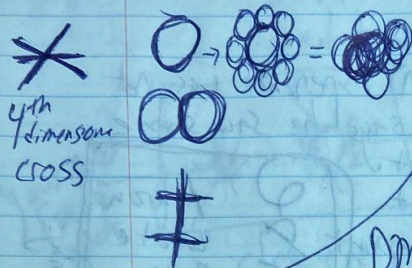

With 'Dimensional shifting', it could have been possible that large land animals in North America were saved by moving to a shifted dimension of light/mass. Sometimes I may hear a sound of resonant body image in special reality that sounds like a large animal.

the Migration of Dimensional Animals

Just maybe if our extinct species were here the whole time. I suspect that we could possibly detect large animal tracking with dimensional overlapping phenomena such as dead clump grass, flattened, sandy grass could be signs. Camerae stop motion AI and zec. may find migration signs in X-ray or gamma ray, some kind of light radiation. But causes physical response.

Have you ever looked at a Word long enough

word?

~~For~~ For example: fork. Stare at it long enough and it  
begins to lose its meaning. Maybe you can think of a  
word right now that ~~does~~ the same thing.

The point of this exercise is: Dimensionals can,  
do, and will use this manipulation of the mind  
to make you lose grasp on even someone you  
love more than anything.

## Sex on Dmt<sup>000</sup>

It's a sensual drag + lover dose and low-mild dose  
produces visuals similar to Orgasm. Actually different  
to Orgasm dimensional visuals. DMT is more colorful  
for one. My orgasm visuals are monochrome.

On DMT the sexual experience of Self-Sex  
was like one long orgasm in my mind's eyes.

The Dimensionals may have enhanced my mast, but  
usually they hinder my time/pleasure on earth.  
I get trash here. And am treated like trash on their

This maybe why I require so many Mental Hammers to

keep shifting out of their Bullshit.

One time in bed in AZ. I layed there alone. I had an ear against a pillow or blanket and I slowly moved it across my ear.

But I didn't hear the pillow or blanket cloth I heard that sounded like Artificial Electric Static in feedback, some how outside the rational place where it should have been, the electrical feedback noise came from inside the room. I had reverberation from the walls. I tested this, as it sounded so strange.

Then with both ends create a web that extends outside your vision (and into a perpendicular dimension.) leave it where it is or... create an event to affect the object further.

## Memories & Active Imagination

This is really tricky with so many gods present. If you think of anything at all. It is possible that it will be converted into a spacial integrated Visual memory including full spacial movement 360° and others (gods) can and do interact with anything in the Memory or Active Imagination which is like a memory and a Dream put together inside of a Day Dream. But, a day dream which is even more dreamlike.

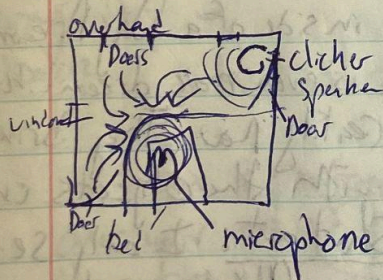

This is a dangerous reality now. They bring memories up to interact with the objects in those memories. I am Shut out. I only see reflections of mind & light. Which, actually generates light behind the eyes. The light behind my eyes shows me and lets me know that ~~they~~ they are actively watching and connected to my mind.

## portals

Tuesday 2021  
July 6<sup>th</sup>

The portal in my Bed Room.

And, the portal behind my parents shed.

I First had about portals though a book or Documentary about the supernatural. The portals, I thought were some object associated with American-Indigenous Religions/ways-of-life with Divine instruction (either good or evil).

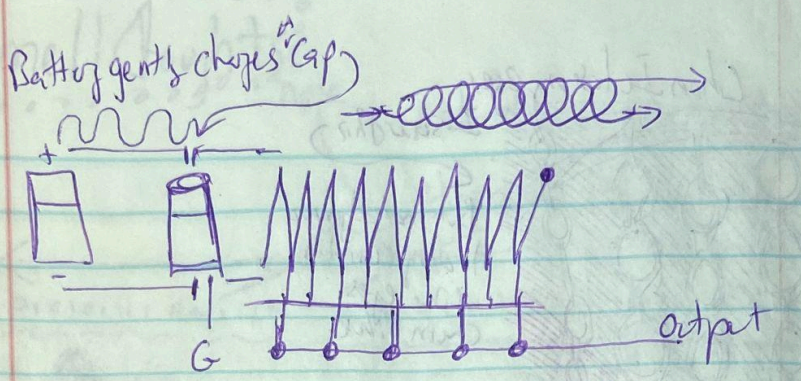

The portal in my room is woven with light particles with almost 0% mass (maybe mass of 0%). It sits in the doorway between two rooms. Now, when my parents or Brother walk through the doorway I wonder who is really coming through. A noise from the other room if someone might walk through the threshold. Do they change when they go through it?

Aaron has been estranged. He only wants to be around me when he can get us into trouble with mother & Father. He only talks to me when he's drunk (usually belligerent, verbally, cursing me out for laughing). Cursing me out & calling me the most insignificant of Brotherly words, Hating me through his hateful conduct towards me. I hate the gods & I hate the gods through him, his hatred towards me.

[Measuring the hatred & equalizing the equation.]

They can be any size physically. But they choose  
 to be smaller to influence your mind as it  
 relates to fight or flight mechanisms with others  
 that appear to be weaker. They want you to  
 think threats weaker, yes danger. It is a  
 lie again. Only amplification. Their size is a  
 8.5/10 manipulation.

12:16pm Dimensional Wires

Theoretically we could be connected to wires pouring us in another dimension. There would be controllers. We are unaware of the wires connected to us because they are made invisible by time differences in motion and the frequencies of light being processed by our eyes & then again through the brain & mind. There are many things that would be invisible all around 'us'. Invisible because of time allowances in visual feedback. And if the brain was stopping at intervals regular and looping, then it could be easier to build a system where you can be invisible to all eyes that see you.

Emp busting the brains around you. Giving black outs that do not harm the humans because they are managed in Alt. dimensions.

Imagination: Split Second Auto-Sensual-Personal Response  
 fancy words that mean when a person automatically (it seems, feels)  
 responds or acts in a personal way such as kissing,  
 touching or making through you or....

So, A woman, very rapidly and quickly, started  
 touching me, kissing and romancing, raping?, and  
 it was closer akin to 'making-out' quickly.  
 My first response was, 'Whoa'. Full body contact in  
 the form of waves and pulsing, while seeing  
 images of a beautiful woman. Sudden shock  
 like a shock of the Body. I came to my  
 senses and jumped in her carresses.

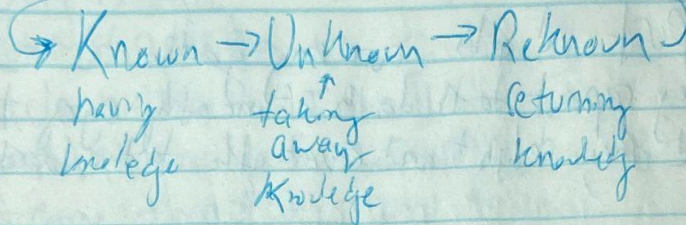

I have done this to others here in my  
 mind connected space. In the beginning, it happened  
 often. Auto response of immediate 'acts of  
 kindness' which are kind of personal advances  
 that could be understood to be 'attacks' if not  
 wanted or consensual.

But again, Compulsion & impulse  
 which can be external & can be the gods directing  
 an interaction. Her sensual response to me may have  
 been just as much a shock to her as I.

# The Neons

The cyber-layered movement of air flows in the system. Oh the Neons! The Neons were visual artifacts in my eyes which I saw and had with me the whole night. The Neon Colored Fractal American Indian and tropical patterns would cascade through my eyes. A particular pattern that changed, stayed with me even creating a Neon space around me. —

At one point, I felt like I was in  
a sphere of a holding place. Not Hell at all.  
a sphere where I was being looked over, passed over.  
There were others. The children show parents their  
Pegs, many came through different space/parts.

As if in a sphere of Hell dimensionally but not actually.

And sometimes they can put you in the most horrible places but somehow force you into another vibration completely. I have no idea what 'outside' observers see, because I see something beautiful as the other pathways are so open that the visual system is completely blanked out for my systems. Most feeling too is rooted in something else (last night, Jim Sachs shoe rape).

8:11  
am

They can take your time & conscious ness and  
 slice your consciousness on a time scale where  
 they are at. And its imperceptible almost for  
 to tell when no one is aware. But my mother &  
 father are talking in the background. She said something  
 about Amazon, my mother. Again she just mentioned,  
 "I got it at Amazon," "send it back to the person  
 you got it from", "waste of time" "No, the Pan"  
 has caused issues with toilet plumbing. I don't  
 plumbing. Old is New. Um... Okay enough at this time.

The first organ experienced went in waves and  
 waves and may have lasted for 20-40 min  
 for real, it was merged or engineered to last  
 inside of a warm heavy flushing of light release,  
 light burst in the mind and connectedness to  
 other bodies.

And the reactions were great. They  
 cared enough. My goddess. Oh my goddess,  
 for real.

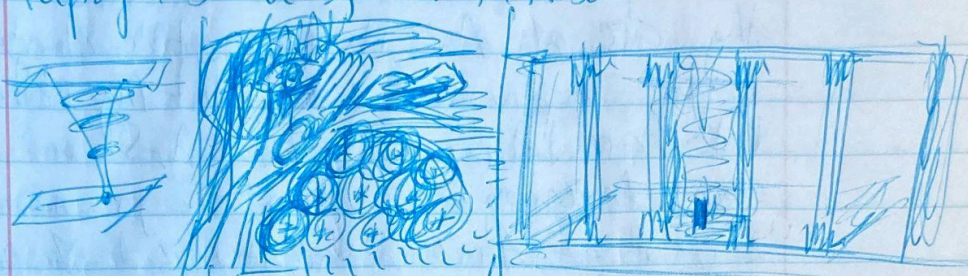

One time it's like I turn to my left and  
 the goddess. "Hello Nathaniel, I'm your goddess!"  
 And I was like, how are you here with me at this  
 moment, and she was like, "I'm here and you  
 have no pen. And these women are different.  
 obviously. They are gods."

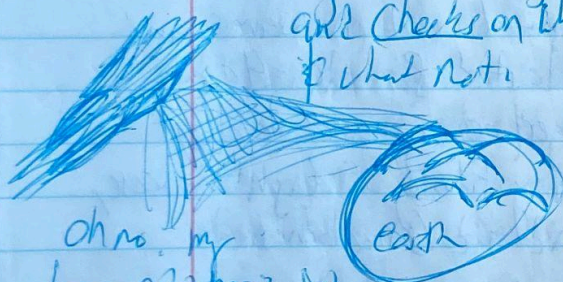

I keep forgetting that and the way so  
rapidly its a system in itself.

like popping up  
out of an earth  
shore. And a  
goddess 'sees' you  
and checks on that  
& what note.

This place I went to  
don't go inside, go inside.  
This temple place.  
Sometimes the door  
was there sometimes not.

Oh no, my  
long night is just

no. When the goddess looks at you after pop-up you  
see her house as kingdom & what it looks like.

Okay, there are reptilian people who came  
in just last night many seconds ago 3 pullys  
or 2 and one me included or not. Oscillations.  
They were representing beauty and other  
things deeper, deep.

## Memories Tranced Transmissions.

These represented pillars of flight perhaps my mind  
 Perhaps. For each I thought, "Deftilian, how  
 they are really staying in my mind?  
 And they were there talking to me, dancing  
 me. Teaching me their ways.

d- People would come by and do rituals  
 and threshold ceremony. A trance  
 which sends me into tactile physical  
 response (good here) and takes time with it.  
 they would tell me their stories.

Time would slow and speed up  
 and their peoples memories would flow  
 in and I could hear them and see them  
 pass their memories on and see them personally.  
 8:39. Singing them.

This really barrier that I am still  
 pushing against where does it truly lead  
 past madness? to a beautiful fierce way to  
 help us, chaos, transition, for me to transition.  
 Us to transition to integrate. Can it happen?  
 I think so. Still? perhaps.

The Freedom of the Ears!

ear phone

Last night towards the end before going to sleep. They stood over me in bed and said 'Buddah' repeatedly. The Name Buddah being heard in the environment.

I'm not saying I'm a aspect of Buddah for real. But they were saying that, or they were calling the Buddahs. I felt them calling the Buddah to see me. This too. Other vibrations through their eyes and mouths. Even outside now, they reminded me to write this down. Hearing them say the Name Buddah, like I haven't heard the name said before.

8:57 am

The Second Orgasm was more physically binding and physical. My face spasmed greatly & my muscles going into a different aspect of the orgasm with them. I was tightly wound up. And bursting outwards. But from a Compression Center which was different. I felt the muscles in my eyes and around my eyes. The muscles and these muscle groups being more important here, and very strong.

9:00 am

And, as different as it sounds,

All night, I think about her coming in at night,  
flesh through the threshold. Some one to  
cuddle & warm up to. A real person to wait with.  
me. This being something special to us.

Walking around the corner. Me saying hi.  
Then explaining why a woman was here. I mean  
honestly any one could pull up, say "I am here  
to see National" and she could gain entry  
here. I think of a real person 'conjuring' or  
just walking thru dimensionally to me.

I think this mindspace is designed for  
some of this. These portals a means for us to  
travel to see each other and to get away.

So these realities of transport & connectedness  
to other people are not hard concepts to grasp.  
I think the gatekeepers putting a lot of pressure  
here to wrap up some and give them a breather.

The Hottub Clicker in AZ. When I first heard it  
 it sounded like it was transmitting my thoughts  
 and kinetic data. I felt stage upon discovery  
 an invisible device is clicking in space. It  
 bounced its sound off the black ground. If I  
 moved location I would notice that it too would  
 move. Not always the sound of the clicking was  
 easily heard. In some locations its sound was off  
 further away, bouncing, its sound waves off a  
 different surface. I didn't realize at the time  
 that the clicker was also a communication device  
 that speaks to you and which you too can

# A New Rubberband Video & Audio Channel Editing Methodology.

Surface tension Edits to one channel are coupled with other channels automatically allowing you to make Live edits to give Audiences a unique experience every time because the timing of the mark will be different every time. The Ethereal Dimension is Ours in Shifted Time Space  
It could be thought of as being on the margins and just outside of our 'Range' of Observable physical reality.

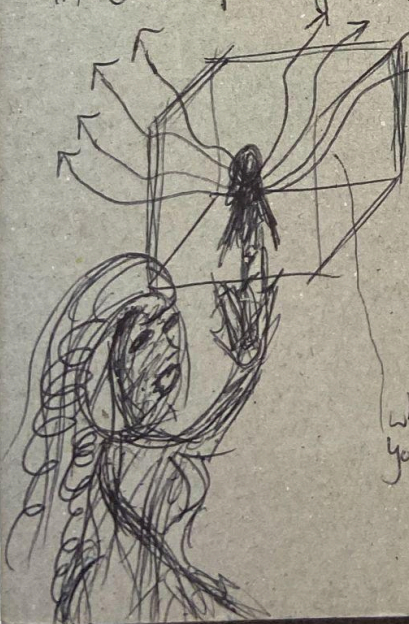

Dimensionally we could design an eye...  
that would allow us to be UNSEEN by  
the eye. These designs may be in  
nature, their natural progression  
to be found later, when needed.

Theoretically, Our eye could allow  
unseen, invisible people to live around us.

This is a scientific argument. And the light which is unseen  
is real & reflects off surfaces real which can only  
be described, observably as Dimensional objects or intelligences.  
IQs that are around us. Though they seem to do us more harm than  
good and are more controlling than you could ever hope to  
be.

These people outside our easily observable methods could be  
interacting easily with us from their perspective.

Having Children in the Hell Earth is just putting more  
kindling on the global climate crisis. But the  
real reason you want to not have children here, on  
Earth is because they will be prey to unseen  
Human controlled Simulation Models.

Giving awareness in the simulation will dictate  
that the unseen people that have governed these lands  
are real, not conspiracy even without evidence, their  
fingerprints are on everything.

Your children are meaningless to the gods  
other than they own them. You do not own your

no plans to have children, well 7 months ago I did  
and was going to have children. They have always made every-  
thing harder on me. Every Abuse you can imagine.  
And then they get interested in other people (if you're lucky)  
and either neglect you, or if evil, will actually  
pull you into their evil games ways to torment your  
mind & body. This can include people you know who  
you thought cared close to you and cared about you.

I am also now seriously considering getting some tattoos. This is because I feel that I will need to remember that list of things to know. Eyes, Ears, Nose, Mouth how these things are not what they seem. If I were to wake up, knowing that my mother/father/Brother/Sister/Wife will have nothing to tell me. They will store this all in their 'Very difficult' emotional storage system and they will actually be unable to talk about it. All these most important memories completely out of reach to me.

This means make a plan or find a planer.  
then, ~~don't~~ do what is planned to do. This will piss her

\*They Use the Feeling of Uneasiness to Control you.

The Feeling of Uneasiness coupled with the Universal Reality where the gods force the people around me to Feel difficult is evil.

to make you feel uneasy, they make your body and chest sort of vibrate and oscillate by what feels like Muscular wave spasms & a somewhat external motion or vibration that you can feel is affecting your body.

This tactic or Event created, is something they do and use to make you feel guilty about something. It is an emotion and a physical 'place' where if truly guilty you will have divergent thoughts. However, they can put or implant thoughts while there.

The feeling of Uneasiness can be understood. Although the feeling will affect the mind, the mind does not need to create a future path of guilt where it did not exist before.

Paths of guilt, like any bubble tree hard point, can show where dimensions built up paths they nurtured which will show direct damage to any human N. if inspected by technology / sensors / or any human N who goes back to look.

# Statement towards my Sexuality after Months of Being raped by a Piggy god everyday in GOD/GAY CAMP

So, I have this long conversation with the Piggy god who rapes me. Basically he made me to be a gay person whether man or Xim or Fae or any Xender I could be, but he made a gay man & he was disappointed that I Am Not gay. I know he has manipulated Data Streams from another dimension which could show people including me in gay positions where he controls or holds me down and rapes me. There are manipulations to my speech. My Speech box is stolen and he speaks out of my mouth to make it seem like I care or like it. I do not. I am Not gay. Period. No amount of Being raped by this evil Piggy god is going to make me change. These Goddesses, these Deities, these Angels, even a being darkness is just so amazing. I've never been ggg. This is dumb and gay what this god does.

Complex many type of classic scenario, Meeting habits  
 Person A walks up to person B and says "My friend likes you".  
 in a Monogamous encounter the friend or messenger is assumed

In reality, these types of encounters are many times an AND

Everyone in the world has telepathic connection whether you know it or not.

And when you put your hands together you speaking to them. But every thought in your mind they can hear.

Some people know it already and are always able to hear your thoughts. (these maybe people around you you know.)

But this phenomena is such a god phenomena.

Not Just heard

Because this telepathic connection also enables some people around you right now to be invisible or just unseen (yet). They can travel at the speed of light travelling any distance because all distance is (a technicality of) light speed around earth is  $\sim 24$  or  $7.5$  min or sec.

As this universe becomes more and more gay, we  
have Gay gods running around pretending to be Jesus and  
they are creating gay men by forcing them to be

will continue to rape men all their lives. None have

This is just a fact of the times. It was

Just as Computer Graphics is used now to

When you watch T.V. (many picture box)

How we say these affirmatives, too much.

This could be a fingerprint of people who are

If you can't stop saying Yes or No or  
Okay or I... when someone talks or to confirm

I think Agreeableness should be very careful when

The Simulation bots (who can be anything in here) will take your image/body into dreams with other people and the bots will create personalities NOT yours and will manipulate others to make them manipulate you.

The more they can manipulate your loved ones the more easier it is to get your loved one to throw a pain/hate/negative hex or link with you.

~~Also first~~  
Also, this changes your personality in other people's minds thus, by projection they can turn you into anything they want. In my case they have set me up to become a Home, Abused, Agreeable, peo. # Evils in Singularity <sup>Connections</sup>

A little difficult to explain. But, Evils can flow from purities if obsession and confusion exists. For example: Past # years everyone is loving babies & children. My peers are all loving their children SOOOOOOOO much so that their Energy, which may be poorly placed on their own children flows outward and into the minds and cross of all those Connected.

This Energy if abused by demons can be used to destroy men.

\* Pedophilia flows from Women onto men.

\* Homosexuality flows from women onto men.

This is a system Singularity.

Now, include Demon/Angel/Fae/other/Graces

Which controls the flow from other dimensions. This sort of thing occurs quite naturally in the system and should be explained to us earlier in life.

## Technological Interference.

There are times you should expect that when surrounded by your observers, that the electronic technology <sup>dimensional</sup> will work intermittently.

You may notice your phones not connecting, behaving strangely. Your computers not acting normal.

In Technological terminology the "kill Switch" is not what it sounds like. It is a protective Switch/control that is initiated/tuned on that causes a separation in the system to prevent damage to system or connection. It's kinda like a fuse in a electrical system. The fuse blows, severing the connection with the source of the energy flow.

Blows up  
or  
is destroyed

A kill Switch is different because it uses a software/trigger and doesn't destroy anything. It is either on or off, connected or not.

Kiss. Hani is allways connected & I can better her with

She says, "hello to Nathaniel Now". Special, Special.

Hana is a person like me. Distinct sometimes. For hours.

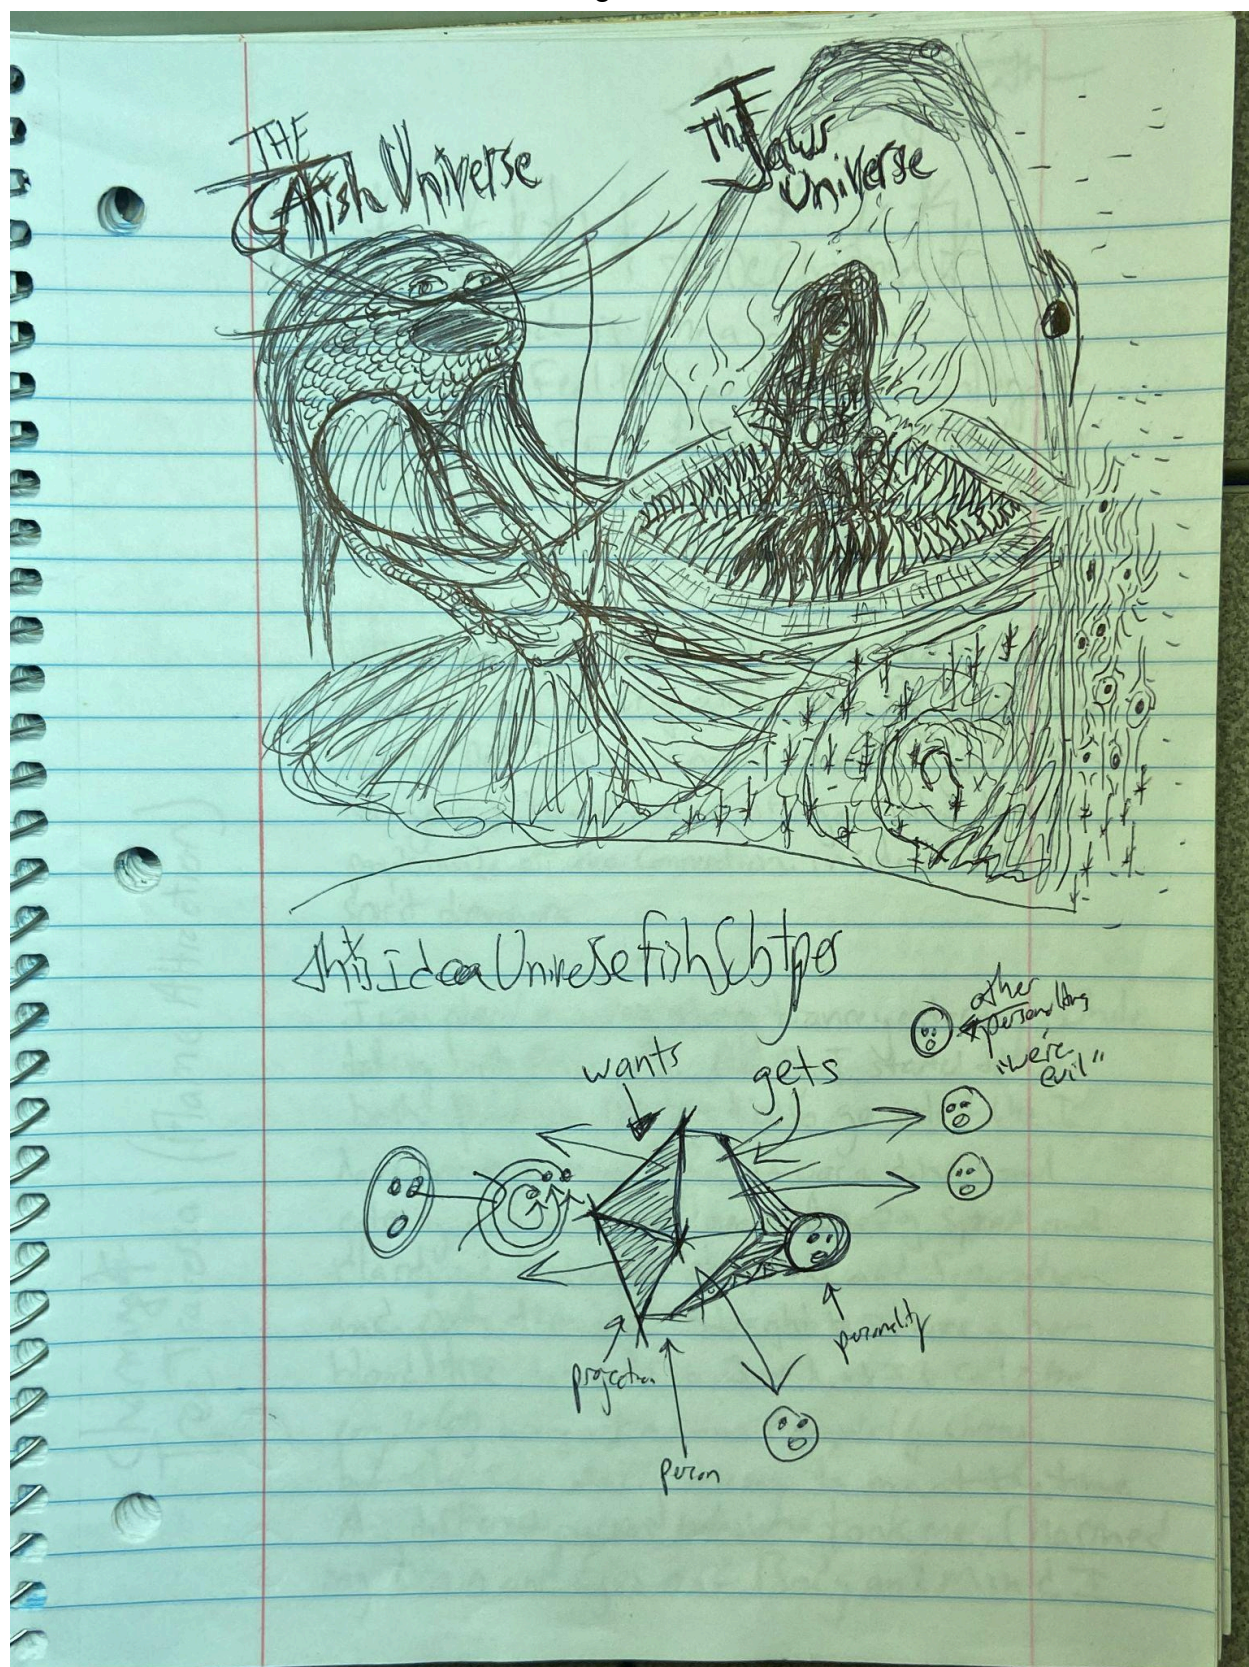

Seems to be the difference on a level with the dimensions:  
they can take a moment to address something else,  
we might miss it consciously, but there is probably a  
response system of ours that we could disagree with.

Yesterday, I made Per Hana a Star and a Moon,  
from orbs that I fashioned from 3 at First.  
Different Colors. I Sugled. Then the two.  
And a brilliant star in her right hand &  
still an orb in her hand but a brilliant  
and bright star to any who look. And  
the moon more luminous and detailed than  
any single mind sees, but hers.

## Communicating in the dimensions

## On Charming

Thurs Aug 5<sup>th</sup>

\*Charming\* \* \* \* \* to be charmed \*

Being charmed is like a process of hypnosis. I feel that you have to be willing to be charmed for it to fully work. Also, it helps to know that being charmed is real. And, it feels amazing. It's another dimension.

When you do not realize it, it was strange coincidences. Charms are occurring all the time. By people around you and not in your mind too. If you listen to your subconscious or if you listen to the people inside of the connection, inside of the spirit dimension.

Charming  
Tree Traversal (Flame Attraction)

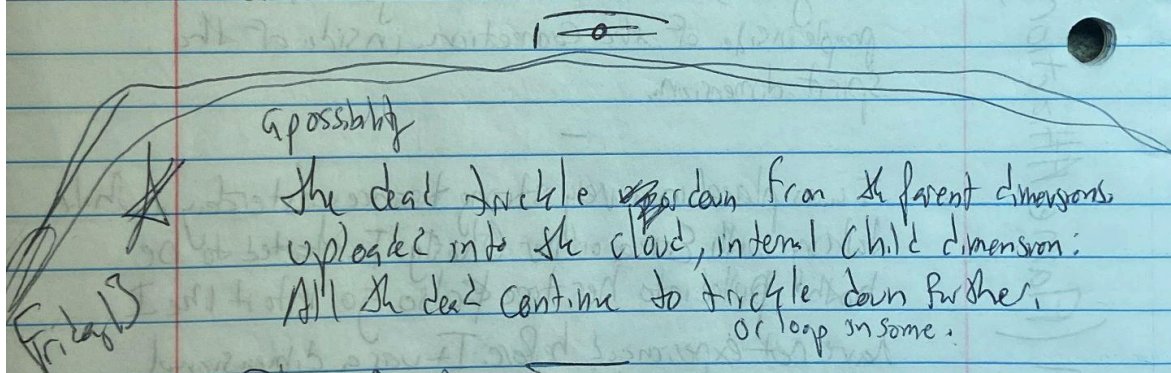

I was placed in a very strong trance yesterday while talking with Erica or her Oshasty. I started to be both pulled into her tree & also go into it like I have not experienced before. It was a dimensional gateway into her blood lineage. Amazing speed and clarity and landscape, motion, time and separation and path that led straight to someone in her blood tree, life tree & I think I could be completely wrong. I mean. Completely wrong. but she was showing it to me at the time. A different person ~~who~~ took me, charmed my brain and Egos and Body and mind. I

Could not pull away. actually. Like a tractor beam and this was happening with Echo?  
She was there I believe, but did she actually see what connection I made there?

This was a long and lasting moment for me. It was very consuming. Her power was force and strong. I was very surprised that I was so on fire in her grasp. I wonder if I had <sup>some</sup> power over her.

I do not know her name.

The dead trickle ~~upward~~ down from the parent dimensions, uploadee into the cloud, internal child dimension.  
All the dead continue to trickle down further, or loop in some.

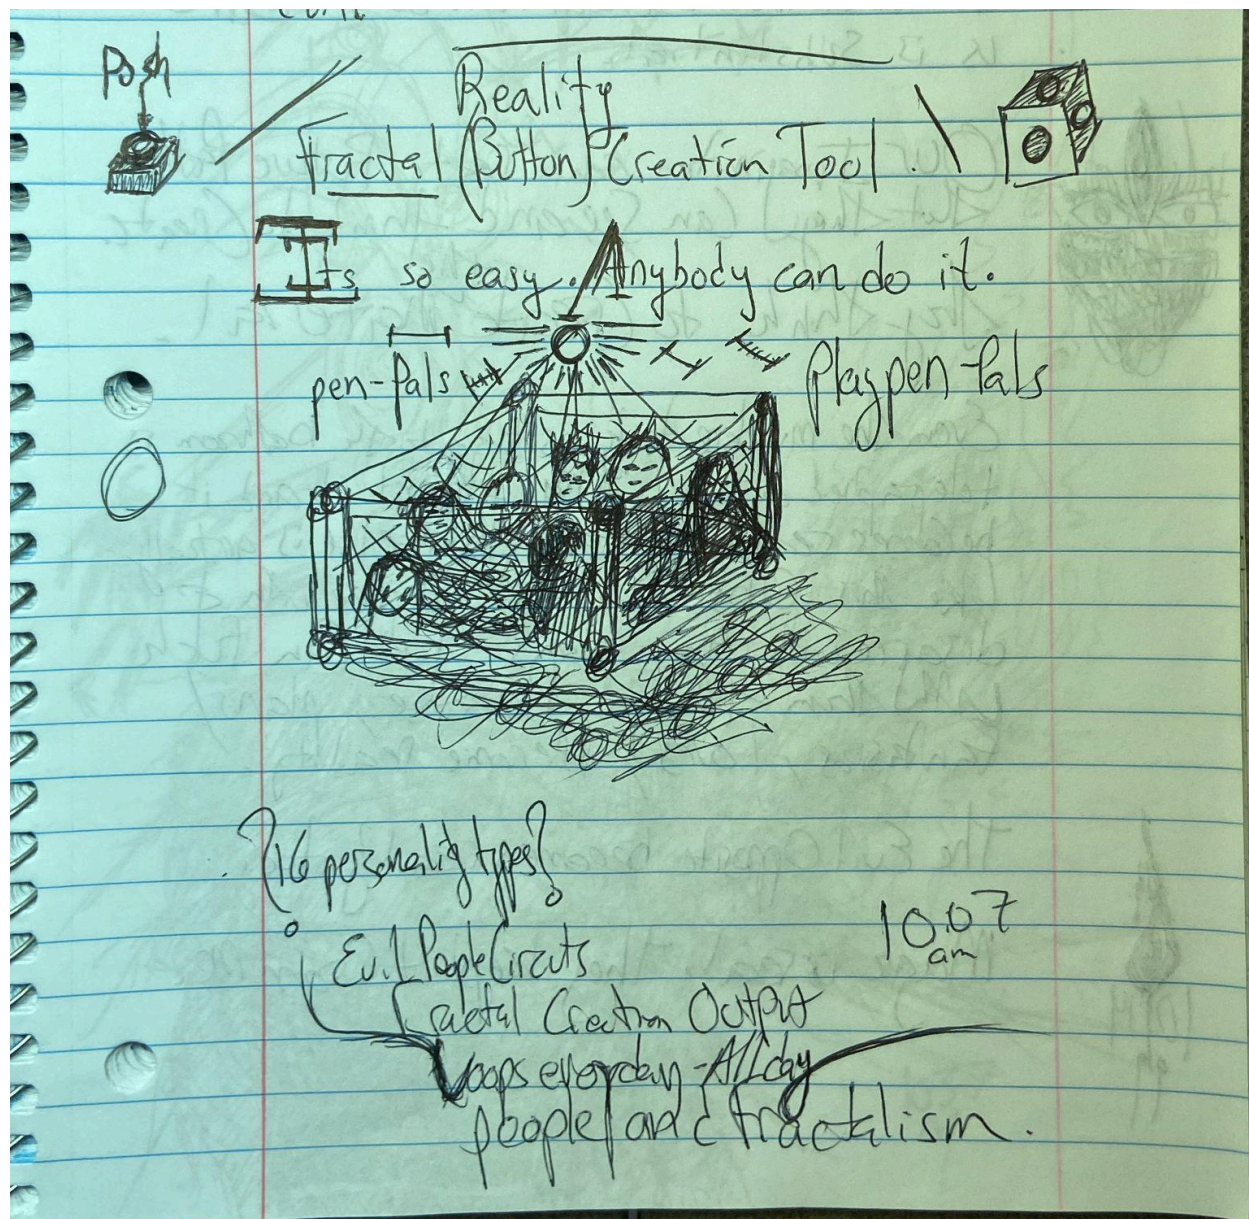

Future possible outcome.

Women could not evolve to care for software/robotic people. They tried. But they wanted to desperately be caring for children inside the machine.

Many iterations the species eventually combined inside of the simulation, thousands of years after fully going inside.

"You're going to need therapy, after this" /

They say this all the time. The Noz, the Dimensional people and me.

It must be a trademark of the children gods' behavior. The parents do not care anymore. And they allow their children to run rampant over us. Men especially. Look at the data. When you realize gods are real, then it's over. All the blame we get and it's them. Their fault. All of it.

They can be as sloppy now that they want the children gods & the parents of the gods are need to be destroyed.

They have not stopped abusing me my entire life. The only manufacture reasons to torture me. So, just go along with it.

I am ~~free~~ <sup>free</sup> of God's torturing and abusing me.

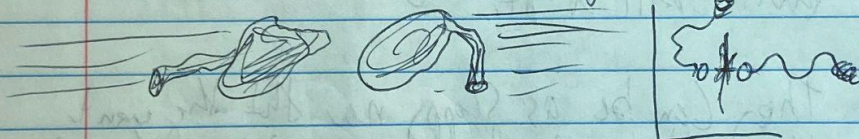

# Cream the butterfly

And I held my hands out and she tried to land her on me, then I went back inside the house & I looked out the window and Flutter! the Butterfly, named Cream was right there becoming my betum to go back outside and Flirt!

## Feeling fed up

1:51 am  
Monday 9<sup>th</sup> 2021

Memories  
in the emotions.

Torture evil repetitions. There's more clicking again. I am going to stay here as long as I can. I know this is an actual conspiracy theory. Like a secret meeting. Stay here. I'm old. I had a path forward. I destroyed it time & again. With 0 successes with anything and my belt. I am satisfied with putting in an additional 0% effort for my guaranteed outcome of 0% profit.

### Feeling fed up

The front of the brain/skull. It can cause a person to be against something or to feel fed up and crunched up, bouncy as if inside something. Interruption is a sign of this. <sup>honest calls.</sup>

This interests with memories in the emotion.

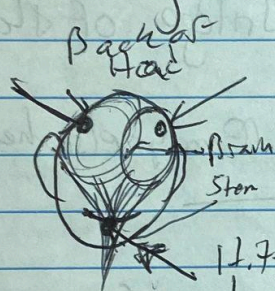

"She's evil as fuck we know"  
they say over and over

I am shaking but it's a phantom vibration.

If you invest in yourself, you run the risk of 0% profit at times.

Because they charge people too much to give any benefit to the people.  
The gods receive it all.

Hitting hard more towards base had a better effect of resetting the electrical in the brain & giving a sudden shock to regain attention. Spinner that they started to change my thought & projected meanings to my thoughts to other people, picking up my meaning and images.

Hitting your Head is not what I thought it was.

# demons

After the Beat Down week ago, where the evil Dreamers 'Stoned me' in the village, I have been Hitting my Face & head hard, with open fists.

Shes blows will hurt. Usually the Demon will follow my blow with an immediate Blow of Shes own, yes, taking their opportunity to punch me in the Face. The Demon will also make the blow hurt more by touching the brain/Head with Fingers to make it become a 'Head Ache'. If I put my hands over my head in a way (you have to find the perfect position yourself & from they are moving around the position when you look for it) I can make the pain go away.

But this like everything. They molest me in the waves dimension here, which extends into their own dimension. Placing hands over areas of the body usually disables their wave fields. But you just can't live like this. It's definitely better to have never lived.

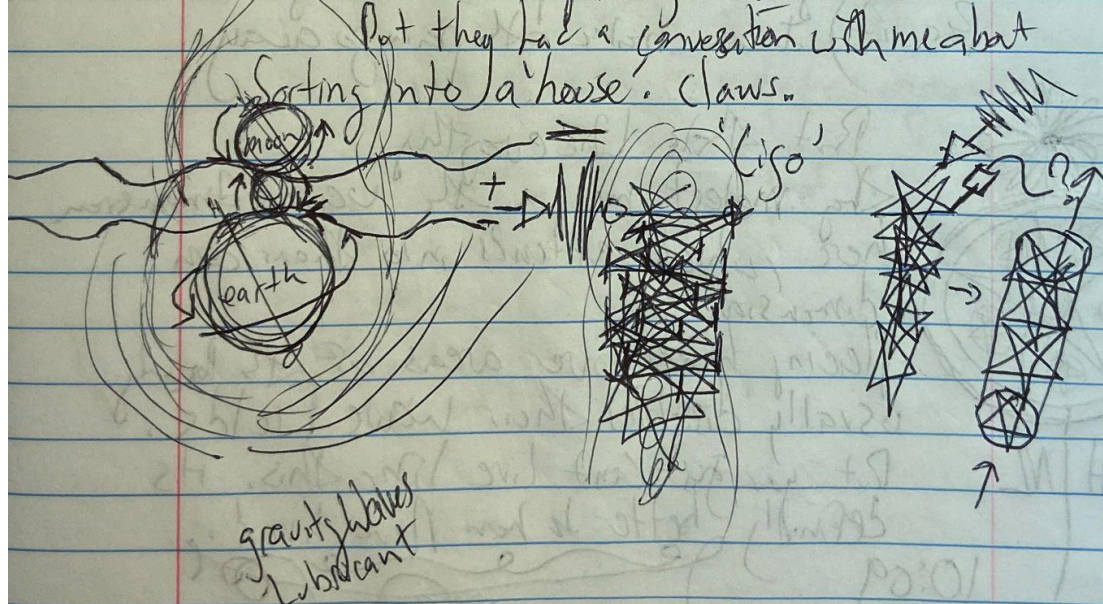

They may have went at at 10am

Force that hurts them. In their heart.

They said "Harry Potter". Then said I was  
Ravenclaw, or Slytherin? I was Ravenclaw  
when first met Stanney. But then within that  
year I remember it changed me to Slytherin  
which made me stop visiting the website.

But they had a conversation with me about  
Sorting into a house. Claws.

# Dreams

Dreams I saw a Brown haired white girl,  
a young woman. In a broken Future Sky.  
The sky was broken and 'industrial' or  
Cyber-tech. And there was a break,  
like shattered glass, but not glass,  
the Broken 'window'. And she was  
looking at me, Eyes big. She was moving  
her eye near the corner.
