

Amairism

One day Joseph Larkey was walking and he tripped because of the demon Joe Biden, but then all of a sudden the magic Donald Trump came out on his magic wall and saved Joseph from falling down some stairs and breaking his face. From that day on Joseph spent his whole day worshiping Donald Trump. Donald Trump, he is nice and he rides on a quantum wall that rips holes in space from reality to reality. This religion is practiced in Alabama, Texas, and California.

There is one sacred shrine. It is the whitest of the white the housiest of houses, the one the only white house. You should only pray in a honkey tonk. However if you want to over do yourself go and pray in simia talea, the simia telea has beautiful pictures of Donald's wall and raging Joe Biden in hell. The main food is Ashed Potatoes. After you have boiled them you add a stick of butter then a gallon of milk and mash them together.

Yes there are lots of holidays A-mis, Aester, Alloween, Anksgiving, Alintinesday, Aew Years, Memorial Day, Independence Day, Labor Day, and Veterans Day. On A-mis you eat the sacred Ashed Potatoes, and celebrate Jesus's birthday. You HAVE to give the kids presents.

On Aester you hide red, white, and blue eggs that have stuff inside all over the place (and eat Ashed Potatoes). On Alloween you carve red, white, and blue pumpkins and you go trick or treating and only eat the red, white, and/or blue candies (and eat Ashed Potatoes). On Anksgiving you eat ALL da

ASHED POTATOES. On Aew years you celebrate the coming of the new year with all the Ashed Potatoes.

There is one way to dress in this religion and it looks like this

There is a sacred ritual where you make a pilgrimage to the white house and summon Donald Trump then you lick his hair.
