Abstract (Typed in Bold, Garamond in 11pt font-size)

Write down here your paper's abstract in one paragraph, garamond in 11pt font-size, no more than 250 words. The abstract is not an "introduction", nor the conclusion of the discussion. Instead, it should contain, but not limited to: (1) the main question and the background of the discussed issue; (2) the research position; (3) how the question is discussed in the paper; and (4) the main result of the discussion. Other important matters discussed in the paper that significantly contribute to the final result of the research may be noted here, but you have to consider, however, the limited space of the abstract.

(Put here your Indonesian version of the Abstract. It is not obligatory, but we do appreciate if you could provide us with the translation of the abstract in Indonesian)

Keywords: mention only specific concepts (word or phrase), 3-5 concepts, truly conceptual words, and not too general ones.

Introduction (Typed in Bold, Garamond in 12pt font-size)

Your text is here, Garamond in 12pt font-size, 1.15 line-spacing, between 4.000-7.500 words including abstract and references; don't add space before and/or after paragraph. It is much better to not format your text in a specific technique, instead, just leave it plain except that you really need to type certain words in a "special method", or to emphasize certain word or words. Italic is a must in typing non-English word. Arabic word is transliterated based on the Ministry of Religion of Indonesia's style.

Please explore in more words the background of your paper and your current research position among other research on related themes. You should discuss here as well your research's relations with those of other researchers; literature review, especially on most relevant, newly academic works published

..... (title)

in high reputation journals, is a must.

A detailed description of your methods in doing the research is not necessary to write down in this section, but if you think you have to do so, you may mention it slightly in one or two paragraphs.

Result and Discussion

Here you may discuss every aspect of the issue one by one. It is necessary to build an argument and to provide original data discussed and compared to the research and works of other scholars. In other words, the way to discuss an issue here is by combining the data and the discussion. So, it is not recommended to separate merely data description from the analysis on it.

Every quotation is written down in a specific way that can be identified as a “quotation” different from your original text. At the end of every quotation, you have to put its reference[s]. A reference must also be put in the end of every citation that paraphrasing ideas from someone’s works.

Conclusion

Please provide here your remarks as a closing statement. It could be a final conclusion from your discussion and analysis and your recommendations for further research projects. In this section as well you may give your acknowledgment for people and parties whose supports make your research possible
