

Nike RBI: Registration Guide

- **Video Guide of Registration:**  RBI: Registration Process.mp4

On the registration page, scroll down until you have found the appropriate age division for your player. Once you have found the correct age division, select the **Register** button to the right of the age division.

After clicking into the **Register** button, you will be redirected to log into mlb.com. If you've previously created an mlb.com account, please feel welcome to sign in with your existing credentials.

If you do not have an mlb.com login, please select the **Sign Up** link underneath the sign in fields. When creating your mlb.com account, please ensure that you enter your Date of Birth as the parent/guardian. If you enter your player's DOB, your device will be marked as a minor attempting to register.

Once you sign into or create your mlb.com account, you will be automatically redirected back to LeagueApps to complete the formal registration steps.

Step 1 of registration will be creating your **Parent Profile**. Please ensure that the Date of Birth and information listed on this step corresponds to your information as the parent/guardian.

1 Parent Profile

Complete your profile

Thank you for creating your [MLB.com](#) account and signing up with Ron Jackson Baseball Foundation. Please complete your profile before continuing.

Parent First Name *

Parent Last Name *

Birth Date *

Step 2 of registration will be creating the **Child Profile** for your player. This is the step that will require the Date of Birth and information that corresponds to the child/player being registered for the program.

Step 5 of registration will allow you to review your child's registration. In this step, you may register another player/child by selecting the **Add Another Registration** button on the top right of the page. If this is selected, you will be guided back to Step 2: Child Profile of registration to start a new registration for the next child/player.

If only one child/player is being registered, please select the **Complete** button to complete registration.

Registering: LeagueApps - Player TestAcct → Individual
