

Privacy Policy for NovaLync

Effective Date: July 17, 2026

H&G Nextgen Private Limited ("we", "us", or "our") operates the Novalync mobile application (the "Service"). This page informs you of our policies regarding the collection, use, and disclosure of personal data when you use our Service and the choices you have associated with that data.

By using the Service, you agree to the collection and use of information in accordance with this policy.

1. Information Collection And Use We collect several different types of information for various purposes to provide a secure and reliable Service to you.

A. Personal Data While using our Service, we may ask you to provide us with certain personally identifiable information that can be used to contact or identify you ("Personal Data"). This includes:

- Email address
- First name and last name
- Profile Picture (if authenticated via third-party logins like Google)

We use Firebase Authentication to securely manage your login credentials. We do not store your passwords on our local servers.

B. Device and Security Data (Fraud Prevention) To maintain the integrity of our network and prevent fraudulent activities (such as multiple accounts or bot networks), we securely collect and monitor:

- Device Identifiers (Unique Android/iOS ID)
- IP Addresses and connection types
- App activity and login timestamps

C. App Progress, Analytics, and Network Data Your daily tasks, journey progression, invite code usage (referral network), and "Nova Points" are synced to our secure cloud servers (Google Firebase). While we utilize local cache optimization to provide a seamless offline-first experience, your core progression data is maintained securely in the cloud to enable accurate leaderboards, referral tracking, and future ecosystem utility. We do not transmit or sell your personal productivity data to third-party data brokers.

2. Third-Party Services Our app uses third-party services that may collect information used to identify you. The primary third-party service providers we use include:

- **Google Play Services** (For app delivery and basic analytics)
- **Google Analytics for Firebase** (To monitor app stability and crashes)
- **Firebase Authentication & Firestore** (For secure account creation and data storage)
- **Google AdMob** (To serve rewarded advertisements that facilitate the syncing and minting of your Nova Points)

3. Data Security The security of your data is important to us. We implement industry-standard security protocols, including IP tracking and VPN detection, to secure user accounts. However, remember that no method of transmission over the Internet, or method of electronic storage is 100% secure.

4. Account and Data Deletion You have the right to request the deletion of your data. You can use the 'Erase Protocol (Delete Account)' option directly within the Profile settings of the App, or contact our support team at andradeveloper234@gmail.com. Upon request, we will securely and permanently erase your authentication and progression data from our Firebase servers.

5. Contact Us Company: H&G Nextgen Private Limited Email: andradeveloper234@gmail.com
