-----Relic related-----

Custom relics

Adverb entry ID (Please find the document yourself for the relic ID.)

1: life

2: attack

3: Defense

4: Percent health

5: Percent attack

6: Percent Defense

7: Speed

8: Critical hit rate

9: Critical damage

10: Effect hit

11: Effect resistance

12: Defeat special attack

Format: /give relic ID x quantity lv level adverb ID: number of upgrades

Example: I want the mirror flow to damage the head perfectly

/give 61041 x1 lv15 5:1 7:1 8:1 9:6

The default number of upgrades is 1. If you want to achieve all five hits like the official server, change it to 1+5, which is 6. Please adjust the others by yourself. For example, 2 critical hits and 3 critical damage is 8:3 9:4 Just to comply with the number of strengthening times for official uniforms

I just want a knife of 999w, what should I do? That's up to you.

1. The main entry cannot be the same as one of the adverb entries

For example, if the main entry is a percentage of life, then the sub-entry cannot have a percentage of life, otherwise there will be bugs (if you are just using a private server to test the damage lineup, I suggest you not to do this. If a sword is 999w, just pretend I didn't say it)

2. Clothes, shoes, tether ball main entry

Manual brushing relic strengthening command

14. Obtain a large amount of lost essence:

/give 234 x9999

15. Obtain a large amount of self-molding dust grease:

/give 236 x9999

16. Obtain a large amount of remains (materials required for synthesis):

/give 235 x99999

ps: If you want to use the synthesis platform, please use command 4 to raise the level to full, otherwise it cannot be used.

19. Clear all items (equipped and locked items will not be cleared):

/clear all
