Schola Minervae office hours are a time where you can ask about any sort of fencing question and get input to the best of our ability. It doesn't necessarily need to be about historical fencing, but that is our area of greater understanding.

To guarantee time, please contact [dante.di.pietro@gmail.com](mailto:dante.di.pietro@gmail.com) at least 48 hours in advance. The more information we have prior to talking, the better we can serve you.
