

Door Decorating Initiative

One of the ways we recognize and celebrate Francophonie here at Lower Campus is by decorating internal doors (i.e. classrooms, offices, clinic).

We're looking for volunteers to decorate your child's homeroom internal doors.

We want each door to represent one of the 29 French Speaking Countries in the World. To help you pick the country, please use the following [sign up genius](#).

Once you sign up, we'll send home a 'door decorating kit', consisting of a piece of butcher paper pre-cut to the size of the door, construction paper, and a glue stick with your child(ren). From there, feel free to use your creativity and add additional items - just ensure it *is connected to the Country you selected*. Bonus points if it connects to the 2025 Francophonie theme of "Peace and collaboration". *Pro Tip: www.pinterest.com can provide great inspiration! Simply search for : "name of your country" door decorations*". If you need something printed, please email the file(s) to lcfrofrontoffice@theglobeacademy.net. We'll then send the printed item(s) back home to you. Be sure to include your oldest LC child's name in the email.

Ensure all decorations are actually *attached* to the butcher paper. Then roll up the butcher paper (with the decorations facing inside), secure it with a few rubber bands, labeled with your child's Name, Grade and Homeroom, then send it back to school with your child. Staff will then hang it up on the internal doors. **Door decorations should be sent back to school no later than Monday, Mar 17, 2025**

Please reach out to Mme Chauvel (tiphaine.chauvel@theglobeacademy.net) with any questions you may have about this task.
