KWL Chart

Use this chart to help you organize your thoughts and ideas before you begin exploring your topic.

- In the first column, include what you already **know** about your topic.
- In the second column, include what you **want** to learn about your topic.
- After exploring your topic, include what you **learned** about your topic in the last column.

What I **K**now	What I **W**ant To Learn	What I **L**earned
