

Missed Performance Make-up Assignment (Middle School Choirs)

Excused absence:

- The teacher was told in advance (preferably at least a week before the absence)
- The teacher approves of the excuse (due to an *immovable* conflict)
- Full credit given if student completes assignment *before* the performance

Absence due to illness or injury:

- Requires note or phone call from parent
- Full credit given if student completes assignment *within 1 week* of the performance

Unexcused absence:

- The teacher was told in advance but it is *not* an approved excuse, OR the teacher was told the day of the performance or after
- Partial credit given if student completes assignment *within 1 week* of the performance

Make-up Assignment:

Submit a recording to Ms. Monreal of you singing one choir piece that is being done at the missed performance. You may sing the piece a capella, or you can sing along with a recording of the piece. (If you sing along with a recording, be sure that you listen with headphones so that the only sound heard in your recording is your voice.) The recordings should be submitted on Google Classroom. A concert make up will be assigned to you on Google Classroom if you miss a required performance. You will still need to complete the concert reflection even if you miss the performance. The type of performance you miss determines what you need to record.
