Basketball

1964-65 KAHNS. Need 11

CINCINNATI ROYALS
JERRY LUCAS... "LUKE"
Age: 24
Born: March 29, 1940,
Middletown, Ohio
Height: 6'8"
Weight: 230
High School: Middletown, Ohio
College: Ohio State
Years as Pro: 2nd Year

The most highly publicized basketball player in high school and college history made the transition from amateur to pro with flying colors. NBA Rookie of the Year. Only rookie to All-Star game. Led league in field goal percentage with mark of .527. Third in league in rebounding with 17.4 per game average. Fourteenth in total scoring with 17.7 points a game. Selected for second team ALL-NBA. Only missed one game but played in two matches of the season with an injured knee that handicapped his jumping ability. Luke would rather get a rebound or lead a measure than score. Has great timing on rebounds. Moves about as smooth. Accurate set shot is tossed like a shotput. Took a while to adjust to forward but now plays both corner and in the post... unselfishness coupled with intense play has made him a team leader... First and only member of All-Star club in both high school and college. Member of 1960 U.S. Olympic team. Played with ABA team that posted 50 record against NBA teams in '61. Helped Yanks post 23-0 record in Europe this past summer.
