Please provide the size of the single fields in your bid.</p> <p>Please provide a plan in case of rain (e.g. additional fields available, turf fields, etc.)</p> <p>Football goals must be removed or protected for the players' safety. Having all pitches on 1 site is an asset.</p> <p>Having a grandstand for showcase games is an asset.</p> <p>Please add a Google Map link of the venue(s) in the bid and describe the grass quality.</p> <p>More information about minimal requirements here:  <a href="#">W min EUF Tournaments _ General terms.docx</a> </p>

<b>Media Visibility:</b>	<p>EUF plans to stream from 1 field every day. <b>Gifts/Trophies:</b>	<p>Medals will be ordered through EUF and are covered by the tournament budget.</p> <p>Winner Trophies must be covered by the tournament budget or by sponsors.</p> <p>A tournament gift per player is not necessary and should be considered only if covered by a sponsor.</p>
<b>First Aid</b>	<p>First Aid-Kit must be available at the fields. Medical staff and/or physiotherapists are recommended. Fix ambulances at the fields is an asset.</p> <p>Please describe your physiotherapy and medical plan.</p>
<b>Budget:</b>	<p>For the budget plan, please use the <a href="#">EUF template</a>.</p> <p>We want to make clear that people, who work hard on these events, should receive some reasonable payment, nevertheless management costs should be kept to the minimum.</p> <p>The EUF committee wants to make sure that it can get very clear visibility of all the costs, that costs are reasonable, and that we help make sure players don't pay for things that they might prefer not to have if given the choice.</p>
