Backstory(must be 1-5 sentences): She was born in 2005 to her parents, Akari and Haruto Myoga, she never had many friends, and none of them stuck around that long. One day, in 2015, she was walking home with her mom and dad when a shooter came from behind them, her mother shouted at her to run, and so she did, she heard a few more gun shots before

Woman: Hunter, he's such a good little boy and he won 5th place at his private school's math competition.

Chiaki: (Of course his name is Hunter...) *she looks at the plump child from the step stool behind the front desk and then back up at the mother* Uhh... M-miss... sorry to alarm you, but this game is for 18 and up...

Woman: Oh, that's just because you can hit someone with your car, it's a driving game, Hunter told me it's just a racing game where you're supposed to avoid people crossing the road, *her voice takes on a nasty tone* Why? Do you think that he is lying? You blood sucking little ching ching, you're just like the others!

Chiaki: *starts shaking and is on the verge of tears* I-I-I-I'm sorry, I didn't know, I-

Woman: Show me your manager!

Chiaki: I-*snort*I-I-I-I'm... *runs to the back before breaking down, crying, knowing that she will need to speak to that woman when she gets out as she IS the manager and no one else is there for her to ask to deal with her*
