

Name:

|                                          |
|------------------------------------------|
| Problem title:                           |
| What is your specific problem?           |
| Why is this a problem?                   |
| List one fact that you have learned      |
| What does this fact mean?                |
| List another fact that you have learned  |
| What does this fact mean?                |
| List a final fact that you have learned  |
| What does this fact mean?                |
| What is a solution to this problem?      |
| What can others do to solve the problem? |
