

True/False Storyboard Template

Unit/Module #:

Outcome #:

Title:

Introduction/Overview:[Add short contextual information on purpose of activity]

Instructions: [Add what are the expectations, what do they need to do].

Case Study/Scenario or other background information that students need:

Question # 1:

[Note to MD/CL/SME answer choices, adjust as needed]

T

F

Hint/Feedback for Correct Choice: [Note to CL/SME indicate which answer choice is correct]

Choice B- CORRECT!

Feedback for Incorrect Choice: [Note to CL/SME add additional details for student to review if answered incorrectly]

Choice A-Incorrect. Quality management works to ensure that developed processes are established in a manager that supports high-quality and safe patient services.

Choice C-Incorrect. Process assessment simply refers to events where a process or procedure is reviewed to determine its effectiveness.

[Note to MD/CL/SME: add additional questions as needed]

Conclusion: [MD/CL/SME Add expectations for student to do next]
