Hello Eastern Greene Families!

My name is Abby Mason and I am the Eastern Greene Corporation Nurse. I am passionate about keeping kiddos healthy, safe and ready to learn each day. My goal is to support the physical and emotional well-being of every student while partnering with families, staff, and healthcare providers to create a healthy school environment.

I have enjoyed getting to know the students and building relationships with families. Outside of work, I enjoy spending time with my family, camping and traveling.

I am looking forward to working with all of you to ensure the school year is a healthy one! Our students learn their best when their health is at its best. Feel free to reach out to me anytime with any questions or concerns!

Welcome to the Nurse's Office!

You can find me primarily located at the High School, however I am lucky enough to pop over (almost) every day to assist with the Elementary and Middle schools day to day health needs.

Personally, it is most important to curate a healthy environment where everyone feels welcome and heard with their health concerns from students, to parents, and even staff. This helps navigate an efficient and safe school year for all involved.

Students must be healthy to be educated, and educated to be healthy! I look forward to seeing returning students, meeting new ones, and all the adventures the school year may bring. Please don't hesitate to reach out in regards to any questions or concerns that you may have along the way.

Here's to a happy & healthy school year!

Nurse Sidnee
