

Design Internship In-Person or Virtual for One Week

Add Real-World Projects to Your Portfolio in Just One Week

This summer, gain hands-on experience as a branding and visual design intern with [Hudson Lab Ventures](#), where entrepreneurship meets impact. Whether you join us virtually or in person, you'll collaborate with a dynamic team of innovators, educators, and high school students to design branding assets, pitch decks, and interface mockups for real-world business challenges sponsored by leading companies. You'll walk away with tangible portfolio pieces and startup-ready design experience.

About The Program

Hudson Lab Ventures, in partnership with venture studio [Co-Created](#), runs summer innovation camps where high school student teams solve real business challenges for global organizations. Each team works intensively to ideate, prototype, and pitch their solutions—and our design interns bring those ideas to life visually.

Program Dates & Locations

Work with us for one session or for multiple sessions either in person (preferred) or remotely. Each session will have a new innovation challenge sponsor and design challenge.

- LISBON: July 6-10, 2026
- NYC at Columbia University: July 20-24, 2026
- PORTO: July 20-24, 2026
- SEOUL: Aug 3-7, 2026

Roles & Responsibilities

As a Visual Design Intern, you'll play a vital role in shaping how each team's innovation is communicated. You will:

- Collaborate with student teams to design user-centered products or digital services
- Create logos, icons, visual identity systems, and marketing collateral
- Develop brand concepts, pitch deck templates, and presentation visuals
- Design wireframes, screen mockups, and user flows
- Source stock photography and video assets
- Build and organize assets in Figma
- Assist with event materials and final presentation polish

Ideal Candidate

We're looking for passionate, reliable creatives with:

- A solid foundation in typography, layout, and visual design
- Proficiency in design tools such as Figma, Adobe Creative Suite, or similar
- Excellent collaboration and communication skills
- Strong attention to detail and ability to meet fast-paced deadlines
- A proactive, adaptable mindset and comfort working with ambiguity
- (Bonus) Experience with animation, transitions, or motion design
