Hi Max,

I love how your content has inspired others to get in to shape, focus more on themselves

The style of your videos has helped thousands of men and women with their physical and mental health, I am sure your influence will help many more to come.

Which is why I would like to discuss with you a few ways of how your website can be improved.

Upon viewing your training programs I believe there are a few ways of how the overview could be slightly changed to have more of an aesthetic view.

I strongly believe >tease other brands' ideas (but in order how you can help him do it even more better)< this will increase the conversion rate between viewer to buyer, ultimately increasing the amount of sales you will receive towards your training programs.

I can send you my version with all the improvements if you are interested?

Talk soon,
Rhys
