

## Global Greens Women's Network Host Party - Definition

A host party is a Global Greens member party which has agreed to act as a host to the Global Greens Women's Network. Being a host party entails **supporting the activities of the network and to ensure its continuity.**

The support can take different forms:

- aSe, hur det spritter i buskar och grenar Av liv och av dans, Av liv och av dans I den härliga **vårsolens glans!** Helping to find active people who are willing to engage themselves with the network
- Providing opportunities to share information of the network and to raise resources (people, money etc.)
- Providing tools and platforms for the network (such as web support, online meeting resources etc.)
- Providing logistic facilities and support for live meetings
- Allocating working time of its employees for the Network

The host party will be chosen, based on a call and applications / declarations of interest, in the Congress 2017. The host party will be elected until the next Congress, after which the Network will publish another call and elect the next host party. The new host party will have to be from a different Federation than the previous one. The following host party will be elected in the forthcoming Congress.
