

Peewee Panthers have already hit the ice and all the kids and coaches are very excited to get to know each other this year. Hockey is an awesome sport which allows the kids to have fun on the ice; and build life lasting friendships all while learning the responsibility of what it means to be a part of a team.

As their manager I look forward to the year and hope to provide them the opportunity to participate in many experiences this season, such as tournaments (in and out of town), and to have team apparel such as jackets or hoodies. As we know not all parents can afford the extras and any financial support from Sponsors would help us provide the same opportunity to every kid on our team regardless of their financial situation.

I want to Thank You for reading this letter and for considering helping out Fort McMurray Minor Hockey this 2018/19 season and showing your community spirit.

Please contact me below for further information

Thank You
Barbara Power
