

Hey! If you have any suggestions on how i can improve this pls leave a comment! :3

okay, listen, the numbers are extremely messed up it's literally unfixable but I did my best

If it says "just chatting" they didn't play any games they just talked the whole time :)

*currently in the process of adding who is playing in a separate column, pls give it time (if you'd like to assist that'd be great :D)

if "open in new tab" does not work for you try copying and pasting the link instead
