

Statement of Commitment

I, **[Name of Participant]**, understand that sustained participation in the program is a requirement for receiving a Certificate of Achievement/Completion and for gaining the most benefit from **The SEARCA Agri-Innovator Program**.

I hereby commit to participating fully in the online training program by:

1. Attending all scheduled virtual live/synchronous sessions and participating in all offline or asynchronous group activities.
2. Actively contributing to and performing the exercises assigned by the Resource Persons/Program Facilitators and endeavor to share my knowledge and experience with fellow participants.

I have obtained prior permission and commitment of support from my supervisor.

I understand that if, for any reason, I cannot perform any of the above, I will not be awarded the Certificate of Achievement/Completion; and that my failure to fulfil this commitment will jeopardize the acceptance of my colleagues from **[Name of Affiliation/Organization/Institution]** in future training offerings of the organizers. SEARCA will also be constrained to withdraw its sponsorship in my participation in the training program and I will need to reimburse the Center of the expenses incurred for my participation in this learning event.

**Signature over printed name
of Participant**

**Signature over printed name of
Supervisor**
