Hi Hattie!

The intensive was absolutely amazing. I love all of the insight you were able to bring to my business. Before we met I felt so overwhelmed by everything to do with sales funnels and you made it seem so manageable. I really appreciate your expertise and your guidance. ~~I feel blessed to have you as my coach~~ because I really got a VIP experience!

You not only taught me about sales funnel marketing but you also gave me valuable advice about how to niche my business, what content I should use when and where, and how to be strategic and repurpose everything I already had. This all made me feel so excited and empowered to create these assets that I had been putting off for months if not YEARS. If it weren't for you I wouldn't feel the massive momentum I am feeling in my business now and the excitement for creating digital products.

I couldn't recommend the workshop more -- I am raving about you to all of my small business friends!

“Hattie didn’t just deliver information. She provided invaluable resources and walked us through each project, ensuring we implemented what we learned together.”

The Intensive 8-Hour Class on sales funnel and lead magnet setup was a game-changer for my marketing role. Before joining, our setup was chaotic, but the comprehensive class guided me step-by-step to restructure it efficiently.

One thing that stood out throughout the class was the instructor's commitment to ensuring our success. Hattie didn't just deliver information; she provided invaluable resources and walked us through each project, ensuring we practically implemented what we learned together. This hands-on approach was truly invaluable as it gave me the confidence to apply the knowledge in a real-world setting.

Hattie's responsiveness to questions was exceptional. Whenever I had doubts or needed further research, she promptly provided guidance and even offered immediate feedback. This personalized attention made the learning experience engaging and motivating.

By the time the Full Day Intensive concluded, I felt incredibly inspired and well-equipped to run ads successfully. The class not only gave me the knowledge I needed but also instilled the confidence to execute my strategies effectively. Highly recommended!

A JEWELRY MAKER WHO DIDN'T KNOW HOW TO RUN FACEBOOK™ ADS AT ALL

Hi, I'm Hattie!

12

I used to run a handmade jewelry business in the wedding industry. I was a die-hard craft show attendee and participant. My family & friends were up at 6 am to support me on the days of the markets helping me set up my booth. They would keep me company during the long hours and cover for me so I could take a quick break.

I knew there had to be an easier way to get my one-of-a-kind beautiful pieces of jewelry out to new customers. My Shopify store was born after this. I got really into product photography and started advertising with paid ads.

I could finally breathe a sigh of relief and relax.

I made more money by adding paid ads to my marketing strategy than I did at the in-person markets.

It was a huge weight off my shoulders.

Then I got really good at paid ads...

Like REALLY good. So good that I started helping other Shopify owners 3x and 17x their sales in 30 days. Facebook and Instagram ads allowed my business to run in the background and make sales in my sleep. It also allowed me to help other makers and small businesses make more sales without the legwork.

I'm so excited for digital ads to do the same for you this season - and beyond!

Cheers Funsters!
