

Hold Me

G D Em C G D G D
When I think of all the time I wasted holding you apart
G D Em C G D G G
Now I have opened up the door and I am bathed in your loving heart
G D Em C G D G D
Standing tall among the evergreens and lulled by the water's song
G D Em C G D G G
There is nothing left to fear, for now I never walk alone

Chorus:

D G D G
Hold me, hold me
D G D D
Hold me in the darkness and the light
F C G D
Hold me, unfold me
G D G G
Let me be a burning candle in the night

G D Em C G D
When I think of all the storms that have come pounding on this shore
G D Em C G D G
With one radiant burst of heaven breaking through that open door
G D Em C G D G D
What compelled me to be caught up in the thunder and the rain
G D Em C G D G G
When that blinding white electric light so glaringly remained

Repeat first verse, then ending:

G D G G
(....Let me be a burning candle in the night)
G D F F C C G
Let me be a burning candle in the night
