- 4) Describe clearly the data and various results of the resolution of relevant problems.
- 5) Discussion of activities: comparing with theory and similar community service activities that have been published or reported (it is highly recommended to recite references that appear in the introduction, especially the state of the art and gap analysis).
- 6) Describe the successes or impressive achievements that are appropriate as best practices for other servants/authors
- 7) Figures or tables must be related to explanatory text (narration in paragraphs).
- 8) Don't put figures/illustrations that are not discussed in the text
- 9) Describe the obstacles that might be encountered in the community service activities (the obstacles must be logical, not solely because of the weak implementation of the activity, completely beyond the control of the team, and existing references support these constraints).

The results and discussion section must be written in Calibri Light, font size 10, 0 pt before spacing, and 0 pt after spacing.
