12:30-1pm, 3:00-3:30pm: MTSS or 1-on-1 Learning Checks		

ONLINE LEARNING TIP FROM *CONNECTING WITH STUDENTS ONLINE*:

How to Help Show That You Think Education and Homework Are Important:

1. Set a regular time for homework. Set a timer on your home so it isn't forgotten.
2. Pick a place in the house that homework is done every day.
3. Remove distractions - especially the tv and technology.
4. Provide supplies and identify resources - make sure that your student has all of the supplies before he/she begins homework.
5. Set a good example for them. Do they see you read and write? Do they see you complete tasks and check them off a list?
6. Be interested in their work by asking questions and requesting that they show you their work before they turn it in each day. Stay positive, even when you are questioning assignments given by

the teacher. Remember the old advice- praise in public, criticize in public.

MONDAY, February 8, 2021

Our Learning Focus	Assignments (Homework) to Complete
Math - Problem solving with 3-digit subtraction	Go Math workbook page 425. Take a picture and either submit it through Google Classroom or email it to Mrs. Moeller
