

Outreach: Local Chiropractor

SL: Your local exposure

VI:

Hello Nick,

Your clinic has a strong potential to help more people.

We can do that by improving your google maps and yelp profiles using competitors strategies, so that more patients get to your clinic.

In order to reduce risk, I suggest implementing a **no cost trial** for the initial stage of our plan. This allows us to adapt as we progress.

If this subject interests you, let me know.

Best regards,
Gabriel Barb-Ciorbea
