

Curriculum Overview 2022-2023

The Foundations of our Curriculum

Relationships - our Hengoed family values
The four purposes
Metacognition - learning to learn
Learner involvement
Inclusion

Foundations for Learning

- Human relationships and experiences
- Wellbeing
- Purposeful physical play
- Outdoor learning
- LEARNING TOGETHER
- ASPIRATIONAL
- FINDING DIFFERENT WAYS OF COMMUNICATION

Mastering Key Skills

- Literacy - Numeracy - Digital Competence
- WELSH language
- Creativity and innovation
- Critical thinking and problem-solving
- PERSONAL effectiveness
- Planning and organising
- Social skills and emotional intelligence
- Physical development

Meaningful & Engaging Themes

- Real, engaging authentic learning
- Wow opportunities and experiences
- Rich and diverse literature
- Use of quality literature at the core of learning
- Religion, values and ethics (RVE)
- Relationships and sexuality education (RSE)
- Human rights education & the United Nations Convention on the Rights of the Child (UNCRC)
- Equality DIVERSITY
- CAREERS and work-related experiences
- Local, national and international contexts
- Celebrating Wales and Cultural heritage
- Safeguarding including E-safety

The Four Purposes (Why)

All our children and young people will be supported to develop as:

AMBITIOUS, CAPABLE LEARNERS WHO:

- set themselves high standards and seek and enjoy challenge
- are building up a body of knowledge and have the skills to connect and apply that knowledge in different contexts
- are questioning and enjoy solving problems
- can communicate effectively in different forms and settings, using both Welsh and English
- can explain the ideas and concepts they are learning about
- can use number effectively in different contexts
- understand how to interpret data and apply mathematical concepts
- use digital technologies creatively to communicate, find and analyse information
- undertake research and evaluate critically what they find

and are ready to learn throughout their lives

ENTERPRISING, CREATIVE CONTRIBUTORS WHO:

- connect and apply their knowledge and skills to create ideas and products
- think creatively to reframe and solve problems
- identify and grasp opportunities
- take measured risks
- lead and play different roles in teams effectively and responsibly
- express ideas and emotions through different media
- give of their energy and skills so that other people will benefit

and are ready to play a full part in life and work

ETHICAL, INFORMED CITIZENS WHO:

- find, evaluate and use evidence in forming views
- engage with contemporary issues based upon their knowledge and values
- understand and exercise their human and democratic responsibilities and rights
- understand and consider the impact of their actions when making choices and acting
- are knowledgeable about their culture, community, society and the world, now and in the past
- respect the needs and rights of others, as a member of a diverse society
- show their commitment to the sustainability of the planet

and are ready to be citizens of Wales and the world

HEALTHY, CONFIDENT INDIVIDUALS WHO:

- have secure values and are establishing their spiritual and ethical beliefs
- are building their mental and emotional well-being by developing confidence, resilience and empathy
- apply knowledge about the impact of diet and exercise on physical and mental health in their daily lives
- know how to find the information and support to keep safe and well
- take part in physical activity
- take measured decisions about lifestyle and manage risk
- have the confidence to participate in performance
- form positive relationships based upon trust and mutual respect
- face and overcome challenge
- have the skills and knowledge to manage everyday life as independently as they can

and are ready to lead fulfilling lives as valued members of society.

Pedagogical Principles & Bloom's Taxonomy (How)

Create authentic contexts for learning

Encourage learners to take responsibility for their own learning

Sustained pupil effort to reach high but achievable targets

Employing a broad repertoire of teaching approaches

Focus on the 4 Purposes

Use assessment for learning to accelerate progress

Support social and emotional development & positive relationships

Encourage collaboration

Promote problem solving, creative & critical thinking

Build on previous knowledge & experience to engage interest

Make connections within & across Areas of Learning & Experience

Reinforce Cross Curricular Responsibilities, Literacy, Numeracy, Digital Competence

TEACHING & LEARNING

der
Thinking Skills

Evaluation
Make and defend judgments based on internal evidence or external criteria

Synthesis
Compile component ideas into a new whole or propose alternative solutions

Analysis
Break down objects or ideas into simpler parts and find evidence to support generalisations

Application
Apply knowledge to actual situations

Comprehension
Demonstrate an understanding of the facts

Knowledge
Remember previously learned information

Higher Order Thinking Skills

Lower Order Thinking Skills

Whole School Themes & Values Maps 2021-22 (What)

Cycle A							
	W k1	W k2	Term 1		Term 2		Term 3
Whole School Theme	Learning to Learn KWL Grids/ Pupil voice Big Questions		<u>Enchanted</u> EY: Magical Me Year 1 / 2: Once Upon a Time Year 3/ 4: Happily Ever After Year 4 / 5: The Snow Spider Year 5 / 6: Harry Potter		<u>Horrible Histories</u> EY: My Family Year 1 / 2: Rotten Romans Year 3 / 4: Terrible Tudors Year 4 / 5: Vile Victorians Year 5/6: Wicked World War 2		<u>Hengoed, Wales and the World</u> EY: Me in My Home Year 1 / 2: Besides the Seaside Year 3 / 4: Local study Year 4/ 5: Forces of Wales & The World Year 6: Read All About It!
RSE			Being me in the world	Celebrating Difference	Dreams and Goals	Healthy Me	Relationships Changing Me

Cycle B							
	W k1	W k2	Term 1		Term 2		Term 3
Whole School Theme	Learning to Learn Learning Pit		<u>Superheroes</u> EY: Marvelous me Year 1/2: People who help us Year 3/4: Busy Bodies Year 4/5: Go Green Year 5/6: Survival of the fittest		<u>Frozen Planet</u> EY: Winter Wonderland Year 1/2: Penguins and Polar bears Year 3/4: Frozen Planet Year 4/5: Project Antarctic Year 5/6: Polar Explorers		<u>Spring Watch</u> EY: At the bottom of the garden Year 1 / 2 Plant a little seed Year 3 / 4: Roots of change Year 4 / 5: The secret life of plants Year 5 / 6: Documenting Planet Earth
RSE			Being me in the world	Celebrating Difference	Dreams and Goals	Healthy Me	Relationships Changing Me

BOYS

sentences

He was a friendly man most of the time, but he could be really nasty.

He could be really friendly, or he could be miserable.

It was a warm day, yet storm clouds gathered over the distant mountains.

It was a beautiful morning for a walk, so he set off quite happily.

But, Or, Yet and So

Maths & Numeracy Overview (Maths No Problem)

	Maths Annual Overview		
	Autumn	Spring	Summer
Rec	Thematic	 Thematic	Thematic
Year 1	The number system is used to represent and compare relationships between numbers and quantities. (Counting/Number bonds/addition/subtraction)	The number system is used to represent and compare relationships between numbers and quantities. (Counting/Number bonds/addition/subtraction/ordinal numbers to 40/ Equal groups) Geometry focuses on relationships involving shape, space and position, and measurement focuses on quantifying phenomena in the physical world. (Height and Length/ Shape)	The number system is used to represent and compare relationships between numbers and quantities. (Groping/ Sharing/ Fractions/ Number to 100/Money) Geometry focuses on relationships involving shape, space and position, and measurement focuses on quantifying phenomena in the physical world. (Time/ Volume and capacity/Mass/position and movement)
Year 2	The number system is used to represent and compare relationships between numbers and quantities. (place value/bonds/addition/ subtraction/2,5,10 times tables) Geometry focuses on relationships involving shape, space and position, and measurement focuses on quantifying phenomena in the physical world. (Length)	The number system is used to represent and compare relationships between numbers and quantities. (place value/bonds/addition/ subtraction/2,5,10 times tables/Money) Geometry focuses on relationships involving shape, space and position, and measurement focuses on quantifying phenomena in the physical world. (Mass/ Temperature/ Shape) Statistics represent data, probability models chance, and both support informed inferences and decisions.	Geometry focuses on relationships involving shape, space and position, and measurement focuses on quantifying phenomena in the physical world. (3D Shape/Time/Volume) The number system is used to represent and compare relationships between numbers and quantities. (Fractions)

		(Picture graphs)	
Year 3	The number system is used to represent and compare relationships between numbers and quantities. (Patterns/addition/ subtraction/multiplying by 2 digits/Dividing) Geometry focuses on relationships involving shape, space and position, and measurement focuses on quantifying phenomena in the physical world. (Length)	The number system is used to represent and compare relationships between numbers and quantities. (Money) Geometry focuses on relationships involving shape, space and position, and measurement focuses on quantifying phenomena in the physical world. (Mass/Volume/ Time) Statistics represent data, probability models chance, and both support informed inferences and decisions. (Picture/ Bar graphs)	The number system is used to represent and compare relationships between numbers and quantities. (Fractions) Geometry focuses on relationships involving shape, space and position, and measurement focuses on quantifying phenomena in the physical world. (Angles/shape/perimeter)
Year 4	The number system is used to represent and compare relationships between numbers and quantities. (Place value/ Patterns/ Addition/ subtraction/ Multiplying by 6,7,9,11,12/ Division) Statistics represent data, probability models chance, and both support informed inferences and decisions. (Picture graphs/ bar graphs)	The number system is used to represent and compare relationships between numbers and quantities. (Fractions/money) Geometry focuses on relationships involving shape, space and position, and measurement focuses on quantifying phenomena in the physical world. (Time/ Mass/ Converting/perimeters)	The number system is used to represent and compare relationships between numbers and quantities. (Roman numerals) Geometry focuses on relationships involving shape, space and position, and measurement focuses on quantifying phenomena in the physical world. (Area/Angles/ position and movement)
Year 5	The number system is used to represent and compare relationships between numbers and quantities. (Patterns/ Rounding/ Addition and subtraction strategies/ Multiples/ Factors/ Prime numbers/square and cube number/Multiplying and dividing by 2 and 3 digits)	The number system is used to represent and compare relationships between numbers and quantities. (Fractions/Decimals/Percentages/Mixed problems/Rounding) Geometry focuses on relationships involving shape, space and position, and measurement	The number system is used to represent and compare relationships between numbers and quantities. (Roman Numerals) Geometry focuses on relationships involving shape, space and position, and measurement focuses on quantifying phenomena in the physical world. (Converting measures/perimeter and area)

	Statistics represent data, probability models chance, and both support informed inferences and decisions (Reading tables/Line graphs)	focuses on quantifying phenomena in the physical world. (Angles/Shape)	
Year 6	The number system is used to represent and compare relationships between numbers and quantities. (Number to 1 million/ mixed operations/common multiples,factors/ Fractions/Decimals) Geometry focuses on relationships involving shape, space and position, and measurement focuses on quantifying phenomena in the physical world. (Converting length,mass,volume,time)	The number system is used to represent and compare relationships between numbers and quantities. (Mixed problems/percentages) Algebra uses symbol systems to express the structure of mathematical relationships. Geometry focuses on relationships involving shape, space and position, and measurement focuses on quantifying phenomena in the physical world. (Area/ volume)	The number system is used to represent and compare relationships between numbers and quantities. (negative numbers) Geometry focuses on relationships involving shape, space and position, and measurement focuses on quantifying phenomena in the physical world. (Angles in Shape/ Shape/nets/position and movement) Algebra uses symbol systems to express the structure of mathematical relationships. Statistics represent data, probability models chance, and both support informed inferences and decisions. (Pie charts/ line/ conversion graphs)

RVE Annual Overview

	EY Unit	Y1	Y2	Y3	Y4	Y5 & Y6
Autumn A	Harvest pictures. Visit to local Church to celebrate Harvest Celebrate Hannukah The Nativity story	Visit to local Church to celebrate Harvest. Write Harvest acrostic poem Celebrate Hannukah - recount the miracle and make Hannukah candles The Nativity story	Right and wrong, good and evil. Adam and Eve. The religious traditions of the country of comparison. The Nativity story	Celebrate the Hindu festival of Dussehra Hinduism as a religion - beliefs, lifestyle, places of worship, the names and roles of Hindu gods Christmas traditions, like the Christingle	The journey of life and what this means for different religious groups. Compare and contrast Buddhism with Christianity. Christmas around the world.	Islam as a religion - beliefs, lifestyle, places of worship, sacred texts and artefacts Visit a mosque
Spring A	St David's Day Easter - story and songs	St David's Day and miracles. Easter - make Easter gardens.	Creation stories from 2 or more religions - awe and wonder for our natural world Celebrate Holi	The Easter story. Where in the world did it take place? Look at the role of the Roman Army during the Easter story	Religion during Tudor times and how it impacted decisions that were made. Explore how modern day religion impacts the decisions people make. How can we prevent conflict?	https://www.bbc.co.uk/history/ww2people/swar/about/lzone_school_faith.shtml 'Faith in Wartime'

Summer A	The Creation Story - awe and wonder in the outdoors here in Wales 'The wise man built his house upon a rock' song	The Bible as a religious text and stories at the 'sea of Galilee' - Jesus walking on water - Jesus calming the storm - Feeding 5,000 A miracle story from another religion	The story of Muhammed and the kittens. Explore what the story teaches us about kindness. What acts of kindness do we see in our local area? What acts of kindness could we show?	Religious identity and what it means to belong to religious communities. The names of different religions. Explore religion in the local area and visit a local Church. Look at some religious buildings in Cardiff e.g. mosque, synagogue, hindu / sikh temple. Use pictures to compare.	Religious texts: - Bible, Koran, Torah etc Celebrate the Jewish festival of Shavout (Jews receiving the Torah from God) The North Wales story of Mary Jones and her Bible.	Why are there so many churches in the welsh valleys? The welsh revival 1904-05 and why so many were built. What are Church buildings now used for? Look at Census data for religion in the local area. Compare Church buildings to other religious buildings
Autumn B	Harvest pictures Visit to local Church to celebrate Harvest Celebrate Diwali The Nativity Story	Visit to local Church to celebrate Harvest Celebrate Diwali and make Diwali lamps, rangoli patterns, the story of Rama & sita The Nativity Story	Visit the Church to celebrate Harvest. Write Harvest Haiku prayer. Use the story of the Good Samaritan to talk about charity and what motivates people to do charity work. Raise money for Save the Children Wales The Nativity Story	Celebrate the Hindu festival of Dussehra Hinduism - beliefs, lifestyle, places of worship, the names and roles of Hindu gods Christmas traditions, like the Christingle	Religious identity and what it means to belong to religious communities. Name different religious groups Religion around the world. Facts, figures, %, maps Christmas around the world	Synagogue in Merthyr Tydfil - before, now, and future and the role of the Jewish people in Merthyr society 1990s. What does a synagogue teach us about what Jewish people believe? Link to their foundation story. Celebrate the Jewish festival of Sukkot What do Christians believe about Christmas?

Spring B	St David's Day Easter	St David's Day and the idea of miracles Easter - make Easter gardens.	Celebrate Holi Explore creation stories from 2 or more religions - awe and wonder for our natural world	Stained glass windows in the Church in St Fagans. Do they tell a story? Why and how do Christians celebrate Easter? Explore the Easter story including Lent and Palm Sunday. Can pupils make their own series of stained glass windows to represent the Easter story?	Look at stained glass windows in the Church in St Fagans. Do they tell a story? Why and how do Christians celebrate Easter? Explore the Easter story including Lent and Palm Sunday. Can pupils make their own series of stained glass windows to represent the Easter story?	Explore religious freedom and tolerance, good and evil Easter
Summer B	Noah's Ark story - awe and wonder in our oceans and animal species. 'He's got the whole world in his hands' song	Look at the Bible and parables Jesus told - lost sheet - lost coin Parable story from another religion	The story of Muhammed and the kittens. Explore what the story teaches us about kindness. What acts of kindness do we see in our local area? What acts of kindness could we show?	Story about water Look at Water Aid. What motivates people to set up charities? Local story: Mrs Carter and the well in Malawi. Link with a farming charity in Zambia and explore religion in that area.	Look at different religious texts: - Bible, Koran, Torah etc and why they are important. Celebrate the Jewish festival of Shavout (Jews receiving the Torah from God) Look at the North Wales story of Mary Jones and her Bible.	Look at the story of Dr Hany El-Banna and Islamic Relief. What motivated him to begin a charity? Look at quotes from the Qu'ran. Compare to other faith stories like Mother Theresa. Look at how their faith inspires them to act against world poverty. Speak to a local person about how their faith inspires them to act.

	Expressive Arts Annual Overview		
	<u>Each Term Pupils will cover elements from all 3 WM statements</u> Exploring the expressive arts is essential to developing artistic skills and knowledge and it enables learners to become curious and creative individuals. Responding and reflecting, both as artist and audience, is a fundamental part of learning in the expressive arts Creating combines skills and knowledge, drawing on the senses, inspiration and imagination.		
	Autumn	Spring	Summer
Cycle A	ENCHANTED Music Art	HORRIBLE HISTORIES Dance Drama	HENGOED, WALES & THE WORLD Film/Digital Media Music
Cycle B	SUPERHEROES Dance Drama	FROZEN PLANET Music Art	SPRINGWATCH Film/Digital Media Art
