

Almost everyone who has reached out about Pearson not working, it turns out it is NOT a Pearson issue. What happens when the students time out or get logged out is this:

Pearson Sign In

⚠ Your account is suspended. Please contact Support.

 Pearson EasyBridge Plus & Auto [?](#)

That is happening because they hit the back button to get back to the login page, rather than using the actual link to our LC login page:

<https://sso.rumba.pk12ls.com/sso/login?profile=eb&service=https://cat.easybridge.pk12ls.com/c/a/dashboard.htm&EBTenant=LCSD-IN>

Where they need to get back to is here where they see Lake Central School District.

Pearson Sign In

**LAKE CENTRAL SCHOOL DISTRICT-INT**  
Not your district?

In order to do that, I suggest students go back to the TEXTBOOK INFO page in Canvas (or textbook page on the LCSC website). When they click the link from there, I also suggest they bookmark that so they will be able to get back to the LCSC login page whenever they need it.
