

**For Calamarca case, answer the questions below and upload the answers on the google document as group.**

1. Refine KEEPRAH T (i.e., create the 2.0 edition) and make it specific to your assigned sector. This refinement *may* involve the creation of new systems and/or new elements.
4. Create a sector-specific information-gathering plan that is *appreciative* and consistent with your KEEPRAH T framework to fill in the information gaps you've identified. Your plan will probably include interviews, observations, and meetings that involve community members. Be as specific as you can about you will do.

Risk Register

Whistle Blower Policy - What would add to the policy as written and write a paragraph about the environment that would be necessary within an organization to encourage staff members to report possible violations

Share your personal code of conduct that will be useful to you in your future work. This can be based on the sample codes of conduct that were provided.

Appreciative Inquiry - Share how you plan to utilize the appreciative inquiry methodology in your future work. Can you identify particular situations where this will be most useful?
