Routes - PBS Age of Exploration

Use this amazing Google Earth Tour website to discover more about the Explorers. You will need to use the Snagit app on your computer to take screenshots of the earth. (search for "Snagit" in the lower left corner search box to find it)

Do THIS: Go to the website where you will find six explorers. Choose FOUR explorers you want to learn more about. Click on an explorer. You should be directed to a Google Earth Map with three short readings on the right. Each reading involves a different location. Read through the locations and other information. Be sure to move the map around, zoom in/out, and use the "3D" function of the map.
