

**email from Carolyn Lenert, President
North San Rafael Coalition of Residents
September 25, 2008**

Thank you, Ray.

I have added you and Mike to the NSRC e-mail list.

With respect to upgrading to a multi-use pathway on Lucas Valley Road (between Los Gatos and Las Gallinas for public safety) please consider creating a Working Group List of all those you have contacted to date and perhaps a brief written summary so we can bring others up to speed quickly.

I think this is an important and worthy project for public safety as you have discovered when you contacted San Rafael's traffic engineer.

I am going to pull a Google aerial map.

Do you know the names of the businesses along that south-side stretch of LVR? Those names should be added to the "Team."

I am available to meet you over coffee this weekend to co-create the campaign that will be needed to accomplish this. You? I think a community-municipal-county partnership should get it done in our lifetime.

Carolyn Lenert, President
