Please do not copy the answers and personalise them because the admissions team will run your answers through a plagiarism program, and **if you copy them, you will fail the test!** This document is seen by hundreds of applicants. Please, please, please! This is important; we do not want you to fail!

**If you are discovered by plagiarism, you can not reapply for this university ever again!**

## Assessment for Accounting and financial management with Foundation Year:

### 1. Oral interview - The oral interview will last approximately five minutes and will include the following questions:

- Why did you choose this course? (The admissions committee is looking for a strong reason and motivation.)
- Details about yourself.

Additionally, it is crucial to be familiar with the details of your course, which can be found in your registration email. This information is essential and will determine the outcome of your interview.

### Course Title: **Accounting and financial management with Foundation Year**

- **Course Duration: 4 years**
- **Course Cost: £9,250 per year (This is not the total funding you will receive - This amount is paid by Student Finance directly to the University)**
- **Payment Method: Funding provided by Student Finance England**
- **Degree Awarding University: Canterbury Christ Church University**

### 2. Written assessment:

1. What relevant skills have you gained from your work or life experiences, and how do you think these skills will help you succeed in the accounting and financial management industry? Please also indicate when and where you gained this experience. ((minimum of 100 words)

2. What inspired you to pursue a degree in accounting and financial management and how do you believe this course will help you achieve your goals?(minimum of 70 words)
3. Where do you see yourself in the accounting and financial management industry after completing your degree?(minimum of 70 words)

**1. What relevant skills have you gained from your work or life experiences, and how do you think these skills will help you succeed in the accounting and financial management industry? Please also indicate when and where you gained this experience. (100 words min)**

**Example 1:**

"During my time working as a cashier at a local grocery store, I learned to manage cash, process transactions, and balance registers at the end of each shift. This gave me a basic understanding of financial transactions and the importance of accuracy. Additionally, I've developed strong organizational skills, which will be useful for managing financial records and reports in the accounting and financial management industry. I believe these skills will help me succeed by ensuring I handle financial data accurately and efficiently in my future career."

(Word Count: 107)

Grade: 8/10

**Example 2:**

"I have worked as a receptionist at a small company for two years, where I handled invoicing and basic budgeting for office supplies. This experience gave me a foundational understanding of budgeting and tracking expenses. I also became proficient in using software like spreadsheets to organize data. These skills will help me in accounting and financial management, where precise budgeting and data management are critical for success."

(Word Count: 102)

Grade: 7/10

**Example 3:**

"While working as a part-time store assistant, I helped with keeping track of inventory and managing sales records. This taught me how to maintain accurate records and deal with financial documents, skills that are directly transferable to accounting. These experiences have given me an appreciation for detail and organization, which are crucial in managing financial data and performing audits in the accounting industry."

(Word Count: 102)

Grade: 8/10

**Example 4:**

"I volunteered at a community center where I helped with managing budgets for events and ensuring proper use of funds. I learned how to track expenditures and stay within budget limits. This experience gave me hands-on exposure to financial planning and the importance of budgeting, which is directly relevant to the skills needed in accounting and financial management."

(Word Count: 101)

Grade: 7/10

**Example 5:**

"I worked at a local café for a year and was responsible for balancing the daily cash register and tracking sales. This experience helped me develop an eye for detail and taught me how to handle financial records carefully. I believe these skills will help me in accounting, where maintaining accuracy and organizing financial data are essential."

(Word Count: 95)

Grade: 7/10

**Example 6:**

"As a volunteer treasurer for a local club, I managed the organization's financial accounts and helped with budgeting for events. This taught me the importance of financial planning, saving, and record-keeping, which are fundamental skills in accounting. I will use these skills to assist in managing finances and ensure accuracy in future financial management roles."

(Word Count: 98)

Grade: 8/10

**Example 7:**

"Through my work as a stock clerk, I became responsible for tracking inventory and reconciling discrepancies. This taught me about financial reporting and maintaining accurate records. These skills will be directly useful in accounting, where precision and an understanding of financial documentation are essential for managing budgets and financial reports."

(Word Count: 96)

Grade: 7/10

---

**2. What inspired you to pursue a degree in accounting and financial management and how do you believe this course will help you achieve your goals? (minimum of 70 words)**

**Example 1:**

"I have always enjoyed working with numbers and organizing financial data, which inspired me to pursue accounting and financial management. I want to develop my skills further and eventually work as an accountant, helping businesses manage their finances more effectively. I believe this degree will give me the technical knowledge and tools I need to succeed in this field, while also providing the confidence to take on larger financial management roles."

(Word Count: 80)

Grade: 8/10

**Example 2:**

"I was inspired to pursue a degree in accounting and financial management because of my interest in helping businesses stay organized financially. I've always been good with numbers, and I want to apply that talent to real-world situations. This course will help me develop a deeper understanding of financial systems and accounting practices, allowing me to secure a stable job and build a career in the field."

(Word Count: 74)

Grade: 7/10

**Example 3:**

"I have always had an interest in numbers and enjoyed balancing my personal finances. I chose accounting and financial management because I want to help businesses make better financial decisions. This degree will teach me the technical skills and knowledge I need to succeed in this industry and achieve my goal of becoming a financial manager or accountant."

(Word Count: 74)

Grade: 7/10

**Example 4:**

"My interest in accounting and financial management came from seeing how important financial stability is in business. I've always been good with numbers, and I want to learn how to manage finances for companies. This degree will provide me with the skills to handle financial statements, budgets, and audits, which are key to pursuing a successful career in the field."

(Word Count: 75)

Grade: 7/10

**Example 5:**

"I decided to pursue a degree in accounting and financial management because I'm passionate about finance and want to help companies manage their resources better. I believe that the skills and knowledge I will gain from this course will give me the confidence to make informed decisions in financial planning, setting me up for a successful career."

(Word Count: 74)

Grade: 7/10

**Example 6:**

"My experience working in retail made me realize how important it is to understand finances. I want to help businesses stay financially healthy, and I believe this course will provide me with the skills to make that happen. After finishing the degree, I hope to work in accounting or financial planning to make a real difference in a company's financial success."

(Word Count: 74)

Grade: 8/10

**Example 7:**

"I've always been interested in how businesses manage their money, and that sparked my decision to pursue a degree in accounting and financial management. This course will give me the knowledge and practical skills I need to understand financial systems and become confident in financial decision-making, preparing me for a long-term career in accounting."

(Word Count: 73)

Grade: 7/10

---

**3. Where do you see yourself in the accounting and financial management industry after completing your degree? (minimum of 70 words)**

**Example 1:**

"After completing my degree, I see myself working as an accountant for a mid-sized company. I want to be responsible for managing the company's finances, including budgeting, financial reporting, and tax filings. In the future, I hope to advance into a senior financial management role where I can lead a team and help the company make strategic financial decisions."

(Word Count: 75)

Grade: 8/10

**Example 2:**

"Upon completing my degree, I plan to work as a financial analyst, helping

businesses understand their financial performance and make decisions based on data. I hope to gain experience and, eventually, move into a management position where I can oversee larger budgets and help guide financial strategies for a company."

(Word Count: 74)

Grade: 7/10

Example 3:

"After I finish my degree, I would like to work as a financial planner, helping individuals and businesses manage their finances. Over time, I hope to gain enough experience to become a senior financial consultant and work with clients on complex financial matters to improve their financial situation."

(Word Count: 73)

Grade: 7/10

Example 4:

"Once I complete my degree, I aim to work as an accountant at a large corporation, helping with financial planning and audits. I hope to learn from experienced professionals and one day become a financial manager, where I will be able to oversee the financial operations of the company."

(Word Count: 74)

Grade: 7/10

Example 5:

"I plan to work as a bookkeeper after completing my degree, managing financial records and ensuring that businesses comply with financial regulations. Later, I want to take on a larger role in financial management, helping companies with budgeting, forecasting, and strategic planning."

(Word Count: 74)

Grade: 7/10

Example 6:

"After finishing my degree, I hope to work as a junior accountant in a financial firm. I want to work my way up and eventually specialize in tax accounting, providing businesses with advice on tax planning and compliance."

(Word Count: 71)

Grade: 7/10

Example 7:

"I see myself working as an auditor after completing my degree. I want to help businesses identify financial discrepancies and improve their accounting processes. In the future, I hope to become a senior auditor, leading audits for larger companies and making strategic recommendations to improve their financial

systems."

(Word Count: 73)

Grade: 7/10
