

Hey James,

Recently I watched your video course on youtube called “The Ultimate Cryptocurrency Trading Course for Beginners” and wanted to say that it has helped me a lot in the way of understanding cryptos.

The reason I'm writing to you is because I'm a professional business growth consultant and I've looked through your website, where you sell your crypto investor course and noticed that you don't have a newsletter.

With a newsletter you could provide your audience with even more value and sell your course to more people.

Here's an example of an Email you could send to your clients as a free value for them.

If it sounds good to you, why wouldn't we have a 15 minute zoom call to discuss everything and I could take all the info to get to work?

By the way, here's the link to my linkedin profile if you want to look it through.
