Brief Report	Er. Janesh Garg was the chief guest of the event. Dr. G D Gupta and Dr. R K Narang were the guests of honor. Er. Garg told about the theme of STEP OUT AND INNOVATE and insisted on the importance of innovations. World Creativity and Innovation Day is celebrated annually on April 21 to raise awareness about the crucial role that innovation and creativity play in human development. Innovation Day is celebrated with great zeal across the country. These celebrations could be a chance for students to engage in meaningful discussions, participate in competitions, and make merriment. Students join passionately not only from within the college but also from others. This event was organized in a hybrid manner, and the participants presented their innovative ideas with great confidence. Top 3 participants were selected based on their presentation and question-and-answer session. Their concepts and inventiveness were outstanding. Dr. Pooja coordinated the whole event and thanked the learned guests for their lovely views. The winners received certificates and the cash prizes. Dr. G D Gupta congratulated all the participants and winners.

**Safely Dispose of Unused Medications**  
 Presented By: Pooja  
 Guided By: Dr. Tarun Kumar, Dr. Manisha Pandey  
 Department of Pharmaceutical Sciences,  
 Central University of Punjab, Mohali/India

**Why safe disposal is important?**  
 Medications can be harmful if they are kept where others can use them accidentally or on purpose. Safety disposal of unwanted or expired medications is an important step in helping to ensure medications are not accidentally used or intentionally misused by someone else.

**How Proper Disposal of Medicines Protects You and the Earth**

- Water Sources Prevents poisoning of children and pets.
- Prevents misuse by teenagers and adults.
- Prevents health problems from accidentally taking the wrong medicine, too much of the same medicine, or medicine that is not all the way gone.
- Keeps medicines from ending streams and rivers where poured down the drain or flushed down the toilet.

**When should you consider disposing of medicines?**

- Your health condition has...

**How to Dispose of Medicines at Home?**

- There are two ways to dispose of medicines at home, depending on the drug.
