JAMES: *Hey! Seagulls! Over here! Check this out!*

If you are viewing me in your bird's eye view
I got a sweet little treat that's just for you!
Here to tease and make you squirm
Slightly seasoned, nice and firm
Come and squeeze a luscious little worm.

(Awkward silence... nothing happens.)

(EARTHWORM is very, very tentative, knowing full well he is most likely about to die.)

EARTHWORM:

Plump and juicy, I'm your yummy gummy
Plump and juicy, Put me in your tummy
Plump and juicy, so delicious
Take a peek and open that beak for
Plump and juicy, I can keep ya chirpin'
Plump and juicy, When it's me your slurpin'
Come and get some plump and juicy me!

I guess they're not hungry. Well at least we tried.
(EARTHWORM tries his best to exit. The SHARKS attack, knocking everyone to the ground.)

ALL: *Whoah!*

JAMES: *Come on Earthworm, you can do it!*
(GRASSHOPPER forces EARTHWORM back onstage.)

SPIDER: He'll give you double the pleasure, twice the snack
