

Fencing Construction and Repair (updated October 2025)

6/22/25 - **Alex Arguello**, 240-893-0224. "Alex and his crew built a new fence that is safe for our dog and tons of privacy. Our yard is not level so, he made sure to create a seamless transition and not leave any openings at the bottom, which was my concern. They were very professional, responsive and reasonably priced." (Diane on Worth)

6/22/25 - **A&I Home Improvement**, 301-675-6583. "Sergio Arias is an amazing handyman. He has been my go to guy for a decade. He's honest, cost efficient and does excellent work. He has done work for others in the hood. He has also done work for my church. Feel free to tell him I referred you." (Fran on Granville)

6/22/25 - **Joshua Hernandez**, 301-383-3681. "I recommend Joshua Hernandez, who has done a couple of jobs for us. He is friendly and conscientious, and his work has been excellent. He lives in the neighborhood. One thing to be aware of is that he does not have his own car. If your job requires buying materials, you may have to pick them up yourself or have them delivered. Please mention my name if you contact him (Mark on Normandy)

4/21/23 - **Natawn (Nat) Hunter**, 301-806-9168. "This is to recommend Natawn (Nat) Hunter for the gate and fence work you need done. Some residents know that Nat grew up in the neighborhood. He now does pretty much every type of repair and remodeling. In the past couple of years, his work for us includes removing a chain-link fence, refreshing and repairing a wood fence and building two wood gates." (Mark on Normandy) "Nate rebuilt my front porch. He does great work." (Tracey on East Franklin)
