

AJ McKay (Narration): Champion vs Champion. A phrase that usually means titles being merged. But in this case, it is basically just a champion's exhibition. No titles on the line. That is good. I feel really good about this one, as I've been on a roll as champion and don't see it ending anytime soon, at least not now.

AJ McKay: Carlotta Paine. I understand where you're coming from. I really do. You want to honor the legacy of an AWS legend, Scotty Paine, by using the last name, and making this a Monster's Ball matchup. But I wanted to let you know something before I go on.`

I'm sick of Carlotta getting jumped by someone who doesn't even belong in AWS, much less an ECWF clown. Its obvious to me that they want war. And they're going to get it. I have an idea for Carlotta that I'm going to get across to her right now. I hope she can understand where I am coming from as I don't want Carlotta to fight this fight alone. No one should fight a bully like Brittani alone. And the Daughters and I are here for Carlotta if she needs us. It looks to me, looking through my glasses, that she may need extra help.

AJ McKay: Brittani Bezos, you don't belong here, much like Nikki Bella in a WWE ring, at this time. You just hopped the rail and for no reason whatsoever, attacked Carlotta. And I bring this up, because Carlotta, myself and Daughters of Texas have your back. We don't want Brittani here at all. It's clear that she's trying to use you to make a name for herself,

and the Daughters and I won't have it! So Brittani, why don't you step to me instead and get your teeth kicked in?

I'm very respectful of legacies, so that's a line I don't cross. I myself, have a successful sister, Jenny Kay, and I've been very successful myself. So Carlotta can rest assured that I'm not going to make fun of her for honoring her father. I'd have done the same thing, actually. I would because well, I lost my mom before I met Jenny, who's mom then adopted me, and the rest is history.

AJ McKay: Carlotta, I'm not going to assault your legacy like Bitchos has. I respect it. I mean, I'm the adopted younger sister of an AWS hall of famer. Jenny Kay is my sister. So, I understand the legacy part of it. And I congratulate you on your Goddess title. Like my Temptress title, it has quite the lineage. I'm my belt's only 2 time champion. But I'm not one to brag. I'm one to take action. And that action is to help you rid this company of Britani Bezos. But first, we got a match. Let's talk about it.

But now it's time to recognize the talent I'm dealing with here. And Carlotta has a lot of it, despite what Brittani thinks. Her opinions mean nothing to me or anyone on this roster. We stand with Carlotta. At least my friends and I do. We hope the locker room is feeling the same way about this situation that we are. The locker room needs to band together to stop her and any other ECWF invasion.

AJ McKay: Carlotta, you and all four of the Daughters of Texas are the hottest females in the company right now. We're all on top of the women's division, and that's honestly why Brittani targets you. She's jealous of where you are. She wants what you, me and DoT all have. Titles. I've seen her kind before. She will leave once she gets sick of constantly losing to us champions. The fact that you are a champion, just sticks in her craw for some reason. Oh wait, once again, the reason is jealousy.

I had more to say on Carlotta's situation and honestly, this is my thoughts on her. The fact that I have to bring this up is enough to annoy me but not make me mad. Brittani is like a leech. She sees someone having success and wants to attach herself to it, and leech off it. Like she's doing to Carlotta right now.

AJ McKay: She's the type that sees one of her friends with the most popular guy in school and gets jealous, and attempts sabotage, only to have it backfire when she gets caught. That's Britani. She wants what we have. So what I have to suggest is. What do you think of aligning with us? Not necessarily joining, but us helping you when you need it. It's just part of who we are to help people, and we believe you could use backup if she's got other ECWF clowns to do her work for her.

Time to put this promo to rest. And I'm gonna do this with a small message of respect to Carlotta, letting her know that I

have no ill will or bad feelings towards her. I feel like she just needs a friend right now, which is why I offer four of them.

AJ McKay: So what I'm gonna end with is this. Carlotta, I know you're gonna bring your best, because it's who you are, and I wouldn't have it any other way. And I'm going to do the same because it's who I am. So good luck to you. And I have your back if that clown Brittani jumps you again. I'll be here waiting as will the Daughters of Texas.

And that does it. Karli, Abbi and Averil are waiting for me in the car, so I need to grab my bags and get out there so we can get out of Cedar Park and head for Syracuse, for this show. But at least we can say this match is a contest built on respect and nothing else. I want to help Carlotta, as do Averil, Karli and Abbi. This is who we are. I hope Carlotta knows this and accepts our help.
