

Discord Instruction for WWC Updates

1. Click on invite link and join server <https://discord.com/invite/warriornun>
2. Go through the 4 steps to create an account.

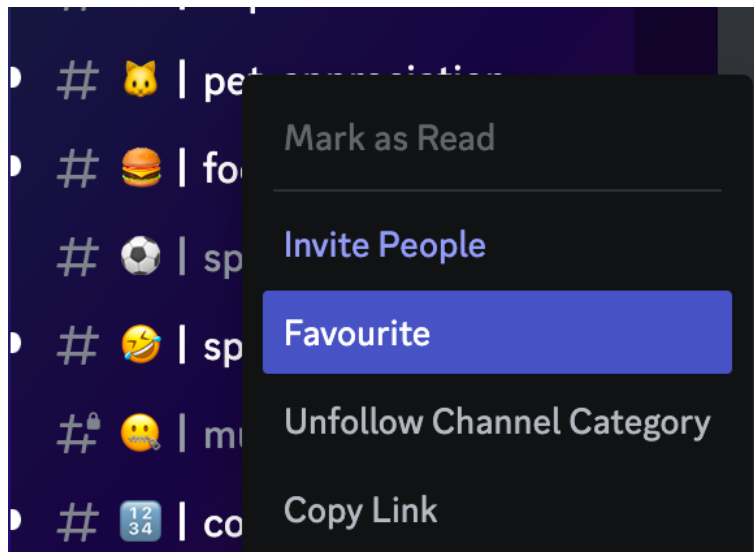

If you don't claim the account then you will not be able to talk in the server. Will need to accept rules in a pop up.

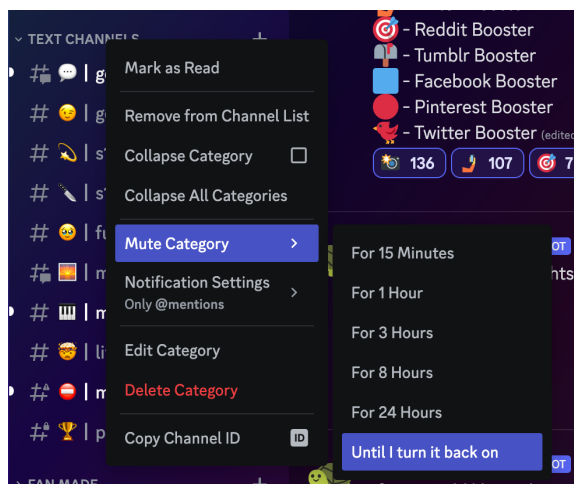

3. Go to #roles and select the ⚽ react button (this will give you the WWC updates ping) then press on the #sporty-warriors blue button that is in Coco Cat's message in the same channel just beneath the ⚽

press and hold (or right click) on the channel and press the favorite button

How to mute all other notification

NOTE: New members will need to chat for a little bit before being able to post pictures or have their links embedded. They can still post links but gifs and tweets won't display properly.
