

Dear [teacher's name],

My [son/daughter], [name], is in your [subject] class. I'm looking forward to seeing [him/her] grow this year, and I'm confident [he/she] will learn a lot from you. Thanks for all you do for our kids!

I would like to be an informed participant in my child's education so please provide a lesson plan for my review before it is given, if there will be class content, discussion, or assignments related to:

*race*

*gender, gender identity, or LGBT issues*

*sexuality*

*Critical Race Theory and its concepts including intersectionality, hegemony, decolonization, dominant ideologies etc.*

I have also included a link to a guide for teachers about Critical Race Theory that I found interesting and informative. I am hoping that you will take a look at it for your own review. <https://www.blexitfoundation.org/resources/guide-against-critical-race-theory>

If there is anything I can do to help you, please let me know. I'm eager to see you and all of your students succeed this year. Thanks again for all you do.

Sincerely,
