We know this election is a bellwether for the nation and that our postcards make a difference. Writing for local races is one of the BEST ways to make a big difference. Here are 5 awesome reasons to write for local races:

1. Give Support - Your postcards give candidates the help and resources they really need.
2. Stand Up for Schools - You help local communities stand up for kids and schools against outside MAGA forces.

3. Inspire Hope - Your postcards lift up the community by showing them they're not alone.
4. Elect Good Leaders - Your postcards help strong candidates win—and sometimes your note is the only support they get!
5. See Impact in Real Time - Our postcards are often the only help these candidates receive. When they do well, we know we made the difference!

To learn more about the impact of postcards on local races, read: "[Postcards With the Greatest Impact - Writing for School Board Races](#)"

Grab your markers and join friends from all over the country as we write a mountain of postcards for these important local races.

SCRIPTS

1. **Candidate Name Recognition.**
2. **Early Voting Information.** Virginia has 45 days of early voting that began on September 19. We are going to use our cards to make sure these people know they can vote early and where.
3. **Give the potential voter a warm and friendly feeling about voting (and you & our postcard writing community).** We come together to write postcards because these voters are important, and we know we are all in this together. Writing to them makes them part of a

community who cares. Our postcards show there are real people out there volunteering their time and money to fight for democracy. *Think of your postcard as an encouraging smile you are sending another person.*

Program Description & Instructions

Why National Postcard Parties for Virginia - We know this election is a bellwether for the nation and that our postcards make a difference.

1. They show the candidate has real support from real people.
2. They provide useful information to voters in a friendly and accessible manner.
3. They are rewarding and therapeutic to the writer.
4. And perhaps most importantly, writing postcards together helps build a community engaged in saving democracy.

Our postcards are most impactful on the state and local level. This is why we will be writing for Delegates and School Board races. For the first time in decades, Democrats are running candidates in all 100 Delegate districts! This is something to celebrate. So, we're having a party!

At these parties, the candidates will be the guests of honor and the focus of each program.

Each party will feature 6-8 candidates who will be there to tell you about their campaigns, talk about what they are seeing and hearing in their districts, and most importantly, be in conversation with you. During the parties you can write for the candidate/s of your choice.
