

Book 3 Final Project - Identifying Universal Theme

- 1.) [Answer the book 3 final questions.](#)
- 2.) Create an individual Identifying **Universal Theme** project (like the poster you made with your group) that is centered around the universal **theme** found in your independent reading book. It may be a poster like the one below or any type of multimedia presentation (movie, Keynote, cartoon, etc.)

Your poster should include **words, colors, pictures, and various genres and types of art and literature that include your theme (music, movies, books, children's books, etc.)**

- 3.) The words "Universal Theme" and the theme itself must be in your project.

Here is [the link to the Universal Theme notes](#) and my sample poster using the Universal Theme of “Nature”:
