

STARMUNMUN'S DESIGN T.O.S

MOST RULES ARE APPLICABLE TO BOTH PREMADE AND CUSTOM DESIGNS UNLESS SPECIFIED OTHERWISE.

I will **NOT** sell to anyone with public NSFW content on their profile. You cannot create NSFW content with my designs.

You may not use my designs for hateful purposes.

Please ask before redesigning, even if the changes are small.

Resells/trades are allowed, however:

1. You may not sell the design for more than you paid for + any art you've made/commissioned/received
2. If the design was traded to you and you have not added anything, you may not sell it.
3. If you are going to sell/trade the design, please notify me beforehand. (I would like to know where they go..)

You may not use my designs for commercial use.

I'd also like to know what you do with my designs, so feel free to tell me about them!! (Please please please tell me about them I wanna see what my kids are up to)

CUSTOM RULES

For closed species, please have a slot and any trait upgrades you plan to use *before* commissioning me.

Designs I Won't Do:

1. Highly complex (i.e armor, mecha, genshin impact style designs)

2. Overly suggestive/skimpy designs (little cutouts on clothing are fine. If you are unsure, feel free to ask.)
3. Anthro/furry designs (I'm not very practiced, and thus do not feel I can do a design like this justice. Flat-faced anthro is fine, anything that's more humanoid rather than bipedal animals)
