

ENABLERS FOR AT

Moderator : Meera Shenoy (Youth4Jobs)

WHO estimates that more than 2 billion people will need at least one assistive product by 2030. Government, educational institutions like IITs,IIMs; companies like Tatas have created an enabling eco-sphere for startups. India has a unique opportunity to be a global hub for AT. This session has eminent panelists with varying backgrounds and a wide range of experience in mentoring and incubating AT products .This will be an interactive session. To enrich our learnings together by listening to your challenges and your stories of success .
