Casino Extra Review

Casino Extra opened its virtual doors for the first time in 2013, so it's no newcomer in the world of online gambling. The platform is run by Mobile Technology Marketing B.V., an operator that works with a license from the government of Curaçao. Thanks to its encryption technology, players can gamble on this site, certain that their personal and financial details are well-protected.

To ensure you have an entertaining time on its platform, the operator has partnered with some of the best developers to supply many games. Players will be spoiled for choice, as the gambling site has a plethora of slots, table games, and live dealer titles. So, regardless of your gaming preference, you'll find titles that interest you.

The three-part welcome bonus is one of its most attractive features. As you play, you can take advantage of the reload bonuses that we explored earlier. There's also a VIP program that rewards punters with even better bonuses.

Games and Software

Getting bored is not an option at Casino Extra because the gambling site has a well-stocked gaming library. There are over 1,500 titles, including slots, table games like blackjack, and live dealer titles. These games are from some of the best developers, including Betsoft, NetEnt, Yggdrasil, Pragmatic Play, and Lucky Streak.

Slot enthusiasts can choose from all-time favorites and newer releases from its developers. Popular slots on this platform include:

- RIP City
- Pinup Girls
- Ozwin's Jackpots
- Elvis Frog Trueways

- Joker Jackpot

There's a separate section for table games, where you will find titles like Classic Blackjack, French Roulette, Teen Patti, and Deuces Wild. Punters who want to enjoy a realistic gaming experience can choose from multiple live dealer games from top developers.

Deposits and Withdrawals

Casino Extra is not lacking in the banking department. It supports multiple payment options that you can use to deposit and cash out your funds easily. If you prefer making transactions with fiat money, you can choose methods like Visa and Mastercard. Also, if you prefer crypto transactions, you can use methods like Bitcoin and Tether.

The minimum amount you can deposit and withdraw is €30, while the maximum varies based on the payment method. Note that before the casino processes your first withdrawal, you must verify your account. To do this, you simply need to submit copies of documents that prove your identity and show your address.

Mobile Compatibility

Mobile gambling has become a trend because of the convenience it offers. As a result, many online casinos make their websites adaptable to mobile devices, and Casino Extra is no different. It has a functional mobile platform that's compatible with multiple operating systems, including iOS and Android.

Though you'd be playing on a smaller screen, you won't miss out of the fun. Think of the mobile platform as the desktop site presented on a smaller device. In other words, you can enjoy bonuses, play games, make payments, and reach out to customer support from your smartphone or tablet.

Customer Support

You are never alone when gambling at Casino Extra. That's because the operator has excellent customer support to attend to your needs anytime of the day. You can reach out via email and live chat. However, the latter is the best option if you need fast responses to your queries, while responses via email take hours.

User Testimonial

Casino Extra is one of the best platforms that you can look into. It's a casino that has been around for a while, which means that people have had fun on the platform to warrant its long lifespan. It has good games, and the payment methods are solid.
