

## Request to expense an iOS publication

Hi [name of manager],

I'd like to expense a subscription to [Jacob's Tech Tavern](#), a regular newsletter which focuses on technical deep-dives for Senior iOS Engineers.

As a paid subscriber, I would get access to many resources that would help me grow technically. The publication covers iOS topics in depth such as [Swift method dispatch](#), [performance in iOS apps](#), [the Swift compiler](#), and [building SwiftUI apps at scale](#).

Subscribing costs \$80/year (\$8/month) – but if it helps me, or our team, learn a single technique that makes us more effective, it'll be well worth the investment.

Please let me know if you're happy with this.

Best wishes,
