PART A – REWRITE THE NOUN PHRASE IN THIS FANTASY STORY

The Magical Night in the Enchanted Forest

One evening, a curious young girl named Lina entered an ancient magical forest behind her grandmother's house. She carried a small brown backpack and a thick old study book in her hands. Suddenly, she saw a beautiful purple flower glowing beside a tiny wooden house.

Near the house, Lina found a cute little black cat sitting under a tree. The cat spoke to her and said, "Follow me if you want to discover the magical forest." Lina followed the cat and entered a mysterious green garden filled with colorful flowers.

Inside the garden, Lina discovered a small golden broom beside a large round table. On the table, there was a beautiful white ceramic plate filled with magical cookies. Lina ate one cookie and suddenly became very small.

The cat took Lina to a magical lake where she found a beautiful blue swimming suit and a warm red sleeping bag. After swimming in the magical lake, Lina rested inside the sleeping bag. That night, she opened her thick old study book and discovered that the book contained a map of the enchanted forest.

The next morning, Lina followed the map and found a mysterious ancient castle hidden behind the trees. She used the magical broom to open the castle gate. Inside the castle, she discovered that the magical cat was actually a young wizard under a spell.

Lina read the magic words from her study book and broke the spell. The wizard thanked her and gave her a beautiful small golden key. Lina returned home happily and promised to visit the enchanted forest again someday.
