

COLLABORATORS PARTY OF CITY TWENTY-FOUR

Chairman Wyatt Callaway

To: Collaborators Party

Subject: **The Security Council**

Loyal members of the Collaborators Party.

The Chairman is the sole authority figure of the Security Council, I should be treated as such but yet I am not.

This document formally enforces, or rather reinforces already set precedent of the Chairman's control of the Security Council.

- (1) The CHAIRMAN retains sole control of the Security Council; he is the only person allowed to eject or remove members seen as unruly.
- (2) Removal of COUNCILLORS without the approval of the Chairman constitutes a violation of this act.
- (3) COUNCILLORS will be allowed to interject, shout or dispute a running speech by another COUNCILLOR without fear of being thrown out or ejected by someone who isn't the CHAIRMAN, regardless of socio-status.
- (4) The Chairman will be the one to bring the Security Council to order when proceedings are off-track.
- (5) Undue intimidation of members during voting by any entity is a violation of this act and will constitute removal from the Collaborators Party, rank demotion in the case of Civil Protection or off-world assignment.
- (6) The Genevan Guard is hereby permitted to allow their ranks within the Security Council to guard and maintain order. The CHAIRMAN must first approve the list of names before being granted.
- (7) COUNCILLORS are prohibited from interrupting the CHAIRMAN while he speaks.

Thank you for your attention to this matter.
